NO. 137-SEVENTY-SECOND YEAR

VICTORIA, BRITISH COLUMBIA, TUESDAY, MAY 20, 1930

TWENTY-FOUR PAGES

PREMIER IS ANXIOUS FOR ADJUSTMENT

Rt. Hon. W. L. M. King Says Federal Gov't Wishes to Avoid Clashes With Provinces

REPLY MADE TO HON. G. H. FERGUSON

Threat of Opposition Draws Statement in Rebuttal of "Five-Cent Piece" Criticism

(Canadian Press)

OTTAWA, Ont., May 19.—In a statement issued tonight, Prime Minister Mackenzie King sets forth his own attitude and that of his Government toward the provinces. The Prime Minister's statement came in reply to declarations by Premier G. H. Ferguson, of Ontario, from the platform of the Western Ontario Conservative convention, at London. Mr. Ferguson was reported as saying that the Federal Government proposed to throw its weight into the election campaign against the Federal Government forces, because of Mr. King's "five-cent piece" statement in Parliament.

The Prime Minister summarizes his attitude and that of the Federal Government towards the provinces in his final paragraph, as follows:

ATTITUDE TO PROVINCES

"In order that there may be no further misrepresentation of my attitude, or that of the present administration, towards the Governments of any of the provinces, whether they be Conservative, Progressive or Liberal, may I say that so long as I continue to occupy the position which I now hold, my own attitude and that of the administration towards the provinces of our Dominion will continue to be in the future what it has been right along, namely, one of an honest endeavor to avoid and to remove all possible sources of controversy between the Provincial and Federal Governments, and in financial matters to be scrupulously fair, and in so far as possible to be equitable."

NOTED CHEMIST DIES

LARCHMONT, N.Y., May 19.—Dr. Hugo B. Drezen, noted pulp and paper chemist, died at his home yesterday after a long illness. He was seventy-two years old. Dr. Drezen discovered a method to make indigo by artificial means.

From the Colonist Tower

Tuesday, May 20

THE WEATHER

Victoria and Vicinity.—Moderate to fresh southerly winds; unsettled and mild, with occasional rain.
Sun rises: 4:27 o'clock.
Sun sets: 7:51 o'clock.
High Tide: 11:38 p.m., 8.9 feet.
Low Tide: 2:23 p.m., 2.9 feet.

The News

Local and Provincial—Mr. H. D. Twigg, M.P.P., urges abolition of succession duties. Licentiate of Pharmacy make representations before Minimum Wage Board. Vancouver City Council authorizes prosecution of Rev. G. D. Ireland, dismissed civic relief officer, and Mr. Winkler, cafe owner.

Dominion, Imperial and Foreign—Rt. Hon. Neville Chamberlain tells British House of Commons that Indian Government is a "colossal failure." Lord Irwin, Viceroy of India, reports that Indian agitators conduct campaign against Government through medium of false rumors and half-truths. Administration is directing drive of counter-propaganda. Premier Mackenzie King sets forth the attitude of Government at Ottawa towards the various Provinces of Canada. Immigration into Palestine now suspended. Protest lodged with British Government against new order.

Graf Zeppelin reaches Seville, Spain, on first leg of voyage from Germany to South America. Terrible floods render thousands homeless in three states. Heavy toll of life and property.

Sports

Bobby Jones breaks course record in winning Gold Vase in England. Harold Brynolfsson defeats Bob Morrison in Upside golf championship. Bert Challenor reaches final. Norm Wallace and Goldwyn Terry to battle for Colwood title. Semi-finals reached in Oak Bay title match. Victoria Tennis Club wins opening match from Kingston Street in Island Tennis League. Benny Leonard says Sharkey has greater variety of punches than Schmeling.

Evacuation of Rhineland to Start Today

WIESBADEN, Germany, May 19.—The final evacuation of the Rhineland occupied area, for more than a decade the goal of German diplomacy and dream of the German people, will begin officially tomorrow. The custodian of German properties today received notification to this effect from the supreme command of the French army of the Rhineland. The troops at Landau, Germersheim, Kaiserslautern and Treves probably will go first. The operation may be finished by May 20.

FLotation of Loan FOR GOVT OF INDIA

(Canadian Press Cable)
LONDON, May 19.—Flotation of a loan of \$2,000,000 for the Government of India is under way here, the issue being in 6 per cent bonds issued at 98 and redeemable in 1935 and 1936. The short term character of the flotation and its high yield make it one of the most important financial events of the year. The last issue on behalf of India came only last February, also on a 6 per cent basis, and it now enjoys a premium of 2 per cent.

ZEPPELIN IS ANCHORED AT FAMOUS CITY

Seville Sees Completion of First Leg of Journey From Germany to South America

LEAVES AT DAWN ON LONG FLIGHT

SEVILLE, Spain, May 19.—The Graf Zeppelin rode peacefully to anchor here tonight at the end of the first leg of her voyage from Friedrichshafen, Germany, across the Equator to South and North America.

Twenty-four hours from her starting point the giant of the air had experienced as her first difficulty a heat wave that enveloped Spain.

The Graf nosed up her mast at La Tablada airport anchorage. Her flying officials had been twenty-four hours and twenty-two minutes.

When her passengers and officers had been disembarked, and the former had gone to their hotel, the Graf Zeppelin flew over this city at 12:30 p.m. today (6:30 a.m. Eastern standard time), arousing great excitement among the crowds.

TETUAN, Morocco, May 19.—The Graf Zeppelin flew over this city at 12:30 p.m. today (6:30 a.m. Eastern standard time), arousing great excitement among the crowds.

Royal City Turns Down Exhibition

NEW WESTMINSTER, May 19.—The provincial exhibition of New Westminster practically passed out of existence here tonight, when the city electors decisively defeated a money-by-law which would have allowed the expenditure of \$60,000 on new buildings at Queen's Park to replace a portion of those destroyed by the fire in July last.

In April a by-law for a similar purpose was lost by a matter of four votes. The exhibition people were not satisfied and secured the assistance of the city council in having the by-law resubmitted. Today this failed by a matter of over 300 votes.

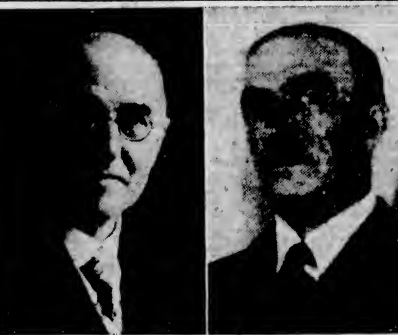

It is probable that there will be no exhibition this year. Last September a chance was made in tents, augmented by the appearance of Rt. Hon. Winston Churchill. It is doubtful in view of the fact that day's wet weather would place a deficit on the books, that the directors will venture a chance this Fall.

NEW YORK, N.Y., May 19.—A cuckoo popping out of its clock to announce the time of day was shot yesterday morning by a nervous holdup man, who shortly thereafter found himself in the law's clutches. Two youths entered the Travers City Club in Queens. One started toward the cash register, while the other held the patrons at bay with a pistol.

Just then the cuckoo began his 4 o'clock song. The robber whirled about, fired blindly, and the bird, wounded, retired to its recess.

Two patrolmen, attracted by the noise, came a-running and captured the pair, who said they were John Bergh, aged twenty-eight, and Edward Healy, aged twenty-six.

Change in Premiership

HON. A. C. SAUNDERS, left, Prime Minister of Prince Edward Island, has been appointed a judge of the Supreme Court. It is expected that the Premiership will go to Hon. W. M. Lea, Minister of Agriculture, right.

Hon. N. Chamberlain Says Labor Gov't Is "Colossal Failure"

By THOMAS T. CHAMPTION
Canadian Press Staff Correspondent

LONDON, May 19.—The Rt. Hon. Neville Chamberlain, Conservative minister in several Cabinets, told the House of Commons today that the Rt. Hon. Philip Snowden, Chancellor of the Exchequer, had managed to undo, by his budget and tax proposals, most of the good which his Cabinet confere, Mr. Thomas, the Minister of Unemployment, had sought to do within the last year.

"The Labor Government is a colossal failure," stormed Mr. Chamberlain. "We have seen the lamentable spectacle of our Chancellor of the Exchequer transforming himself from the Iron Chancellor, as he was known at The Hague, when he stood for Great Britain's rights, into a bigoted Socialist politician, who has shamelessly pandered to the ideas of his extremist followers."

CHIEF OBSTACLE

The principal obstacle to the rationalization of industry today, said Mr. Chamberlain, was uncertainty engendered by the policy of the Government and by excessive taxation. The speaker deplored the Chancellor's refusal to declare there would be no further interference with safeguarding duties for a certain period of time. Armed with such an assurance industry could forge ahead. The Government had betrayed the electors and postponed, indefinitely, any prospect of a trade recovery.

The debate was on the estimates of the Department of the Lord Privy Seal, the Rt. Hon. J. H. Thomas. The Conservatives moved reduction of the vote, but the motion was defeated by 224 to 309. The smallness of the Government's majority was due to abstention of the left wing Laborites and many Liberals from the vote.

Added to flood waters from torrential rains of the last few days was the toll of windstorms, of life and property. Elaine, in Eastern Arkansas, was the scene of a tornado Sunday which killed sixteen negro farm workers. They were buried today on their plantation near Texarkana, after being forced to live in hovels.

An estimated 2,000 persons were sheltered in tents and private homes at Smackover, after being forced to vacate their homes as flood waters of Smackover Creek spread over fifty square miles. A few miles farther east, at Calton, on the Quachita River, a number of families abandoned their homes to seek shelter in box cars.

Near Pulaski, on the Red River in Southwest Arkansas, hundreds of others had abandoned homes in lowland areas as backwater crept around ends of levees.

Damage in the Smackover and Calton districts today was estimated by railroad officials at \$1,000,000.

RELIEVE CONDITION

DALLAS, Texas, May 19.—A cessation of torrential rains that fell in many parts of Texas last week and caused many streams to leave their banks, today aided in relieving flood conditions which had reached serious proportions in Northwest Texas.

The most serious conditions were at Jefferson, on the Cypress River, and Texarkana, on the Red River. Flood waters had inundated lower sections of Jefferson, driving the higher land a large number of negroes and a few whites. The Cypress River stood at 26.5 feet, more than eight feet above flood stage.

A further rise of little more than a foot will cause the inundation of Jefferson's main street.

It was estimated that one-third of Marion County, of which Jefferson is the county seat, was under water from the Big Cypress, Little Cypress and Black Cypress Rivers.

Miss Johnson Forced to Land On Sugar Estate

BATAVIA, Java, May 19.—Amy Johnson, British aviatrix, has landed on a sugar estate at Tjomal, near Tegal, after being forced to land because of bad weather conditions.

She was reported at 3:40 p.m. passing over Tegal, Central Java. How long after that she came down was not stated.

BISHOP EXONERATED

DALLAS, Texas, May 19.—By fifty-four to eleven, the Episcopal committee of the Methodist Episcopal Church, South, tonight exonerated Bishop James Canon, Jr., Washington, D.C., of charges of stock market speculation.

LICENTATES OF PHARMACY SUBMIT CASE

Problems of Hours and Salaries of Assistants Argued Before Minimum Wage Board

SEQUEL TO COURT DIRECTION

United Action in Trade Advocated to Restrict Hours of Sale of Druggists' Articles

THE Licentates of Pharmacy for the city of Victoria in their Minimum Wage Board yesterday represented that the rate of pay was too small and the hours too long. A rate for gradual licentates was suggested as a minimum rate of \$1 an hour, and the hours should be reduced to an eight-hour day.

It was represented that drug stores were too open long hours. If there was united action on the part of the owners of the stores there was no reason, it was represented, why these stores should not close at 8 o'clock. Instead of this, evidence was given that in some instances drug clerks were kept on duty until 2 o'clock every morning.

WELCOME CHANGE

Mr. Lindley Grease, K.C., who appeared for the druggists, was not opposed to action along that line, stating that the druggists in general would welcome a move which would curtail the hours during which they were now required to keep open.

Mr. Harold Davenport, representing the organization of the licentates, said that in Victoria this body was now practically unanimous. There was only one who was qualified to join who was not a member, and he was advised to try to get joint action between the owners of the stores and the clerks, but without success.

Mr. Grease felt that the board would not be in a position to arrive at a minimum rate in the case of a profession, like this application, he had in mind. He advised the board to refer the matter back to the Government with a request that the legislation be amended so as to exclude professions from the operations of the measure.

He felt that it was impossible to compare the wages that were paid to certain highly paid mechanics, as there would of necessity come into consideration the fact that in the case of the drug clerks it was a question of a minimum rate.

ABOLITION OF TAX URGED BY MR. H. D. TWIGG

Member Tells Gyros That Succession Duties in Province Should Be Canceled

WOULD BE MEDIUM FOR ADVERTISING

"I have always been in favor of their abolition, and I sincerely hope to see the day when the Succession Duties Act is struck from the statute books of British Columbia," said Mr. H. D. Twigg, M.P.P., in voicing a strong plea for the abolition of succession duties at yesterday's luncheon of the Gyro Club.

Mr. Twigg stated that two main advantages to be gained by doing away with this system of taxation were the prospect of an added influx of capital into this province, and the advertising effect which such a move would have. These benefits, he stated, would more than balance the loss of a half million dollars of yearly revenue which would be sustained as a result of such legislation.

The speaker pointed out that British Columbia was straining herself to the utmost in order to keep abreast of the development of other Canadian provinces, and in order to relieve the strain, the 600,000 of population would have to be augmented. There was no better way of bringing this about than by removing the handicap of succession duties.

A VENERABLE TAX

Mr. Twigg touched upon the ancient origin of the tax, and said that he hesitated to say that it was altogether improper, under suitable conditions, since it was so venerable, and had met with the approval of economists for hundreds of years.

Returns From Trip to Palestine

REV. DR. J. G. INKSTER
Who recently returned to Toronto after a visit to Palestine, Dr. Inkster is well known in Victoria, having served as pastor of the First Presbyterian Church here from 1913 to 1918. Since the latter year he has been minister of Knox Presbyterian Church in Toronto.

TO PROSECUTE MR. G. IRELAND IN VANCOUVER

City Council Authorizes Action Be Taken Against Dismissed Relief Officer and Cafe Owner

WILL PROBE EVERY CIVIC DEPARTMENT

VANCOUVER, May 19.—Prosecution of Rev. George D. Ireland, dismissed city relief officer, and Mr. G. S. Winkler, owner of the Log Cabin Cafe, was authorized by the City Council, Monday afternoon.

This action followed reports from the select committee which conducted the inquiry and George E. McGowan, K.C., corporation counsel, as to the criminal status of Mr. Ireland and Mr. Winkler.

Immediate dismissal of Mr. Ireland and Mr. Maxwell, complete reorganization of the relief and allied departments, and restitution of loss sustained by the city through malpractice of relief office employees and appointment of a new city relief officer, were the chief recommendations of the select committee's report.

STIRS WHOLE CITY

The gallery of the Council Chamber today was taxed to accommodate spectators who crowded in to hear the latest development of a probe that has stirred the whole city. A cord, unbroken by a railing, isolated the city fathers.

When William McQueen had finished his report, the city fathers were in a state of high excitement.

Prince Will Make Three Plane Visits

By THOMAS T. CHAMPTION
Canadian Press Staff Correspondent

LONDON, May 19.—The Prince of Wales will make three visits by air within a short time to Wales, the principality whose name he bears. On Wednesday next he will fly from London to Cardiff to open an extension to the Cardiff University. On June 8 he will again visit Cardiff by air, attending the annual Whitcombe conference of the British Legion. On July 23 he will visit Carnarvon, where the Royal Welsh Agricultural Society's exhibition is to be held.

Their Majesties will spend Whitcombe at Sandringham, in Norfolk, returning to London for a few days afterwards, before going to Royal Ascot for the races. Today they attended a command performance of "Hamlet," at the Old Vic, stronghold of Shakespearean actors. Their Majesties on Wednesday attend the opera at Covent Garden, and on Thursday the command vaudeville performance at the Palladium in aid of variety artists.

Seven other firemen received minor injuries. The ice house was completely destroyed and adjoining houses were slightly damaged. The property damages loss was placed at \$5,000. The cause of the fire has not been determined.

The blaze was under control when the tragedy occurred.

Collapse of Wall Throws Two Firemen to Death

OTTAWA, Ont., May 19.—Collapse of a wall threw two firemen to their death as they fought a stubborn blaze in an ice house in the west end of the city today. Captain Robert E. Pratt, veteran chief of No. 3 Fire Hall, and Fireman William Willette were directing hose lines from the top of twenty-five-foot ladders when the rear wall of the frame structure gave way. Unable to disengage themselves, they were carried to the ground, the weight of the heavy steel ladders crushing them. Both died shortly after.

Seven other firemen received minor injuries. The ice house was completely destroyed and adjoining houses were slightly damaged. The property damages loss was placed at \$5,000. The cause of the fire has not been determined.

The blaze was under control when the tragedy occurred.

Indian Agitators Conduct Campaign On False Rumors

Lord Irwin, Viceroy of India, Reports Government Is Directing Counter Propaganda of Its Own—Police Use Sticks to Drive Raiders From Salt Pans—Some Prisoners Go on Strike

NATIVE PAPER EDITOR Gets Seven-Year Term

(Canadian Press Cable)
LONDON, May 19.—Indian agitators have taken a leaf from the book of the modern Western world in their extensive use of propaganda. They are now conducting their campaign against the Government largely through the medium of false rumors and half truths, according to the summary of the situation last week cable to the India Office by Lord Irwin, the Viceroy, and made public today by Rt. Hon. Wedgwood Benn, Secretary of State for Indian Affairs.

The Government of India finds the tribal situation in the Northwest is improving but it is still unstable. There has been no hostile demonstration by any tribe as a whole. Agents report great unrest in Waziristan due to the dissemination of false reports about the situation in India—reports circulated by envoys of the All-India National Congress.

The Government is conducting counter-propaganda of its own in the Northwest, and has succeeded, to some extent, in quieting the situation.

WAZIRISTAN TROUBLE
While the Waziristan trouble might become serious, it is an off-recurring factor and one which has faced the British Raj for a while. Waziristan is inhabited by a tribe of Pathans who are anathema even to the surrounding tribes. The Waziris have a bad name as highwaymen and murderers and they have never been properly subdued, though Sir John Sandeman tried it and Lord Curzon gave it up.

The public appears to be losing interest in harkings (cessation of work), said the Viceroy, for they suffer keenly by the loss of jobs. The rural areas, save those of the Gujrat district, continue to be largely unaffected. Congressmen are making special efforts to induce farmers in their agitation and are trying to persuade them to refuse payment of land revenue taxes. Breaches of the salt law by home manufacturers are becoming fewer and the people, as well as their leaders, appear to be losing interest in the cause of revolt.

Strong efforts are being made to arouse the Sikh community over the incident of the Delhi Shrine, in which police raided a shrine after being stoned from its walls. The sober element of the Sikh community, however, appears to have converted to the season in which greeting the incident they claim to realize the great difficulties facing the Government.

FRUIT TARIFF TO RECEIVE ADJUSTMENT

(Canadian Press)
OTTAWA, May 19.—Amendment will be introduced to a number of items in the tariff resolutions affecting fruits and vegetables. C. A. Dunning, Minister of Finance, announced in the House of Commons tonight. The changes will apply to products which are subject to a new schedule have ad valorem as well as specific duties. The specific will be made to apply only in those seasons of the year in which foreign importations come in competition with Canadian fruit and vegetables.

The announcement of the Finance Minister was greeted with applause by the Conservatives, who expressed the opinion that he had become a convert to the seasonal tariff. When the up-roar had quieted Mr. Dunning explained that the decision to limit the specific duties to certain seasons instead of the entire year had come as a result of conferences with the fruit and vegetable growers. They had expressed willingness to co-operate in this connection. He could not promise that the seasons would suit all the growers from the Atlantic to the Pacific, because of the many differences as to the dates when such products are marketed here, but an attempt had been made to deal as fairly as possible with all.

Federal Inquiry Of Bread, Flour Prices Endorsed

VANCOUVER, B.C., May 19.—Endorsement was given this afternoon by the City Council to recommendation of a special civic committee on bread and flour prices, asking for a Federal investigation. A resolution requesting the appointment of a registrar, under the provisions of the Combines and Investigations Act, to examine allegations of a combine to maintain prices of flour, bread and wheat products, was passed.

The motion by Mr. J. A. Fraser (Cons., Cariboo), for the production of evidence, was passed.

Duke of York Leads Peace-Time Work of Red Cross Society

LONDON, May 19.—The Duke of York today opened the Empire Conference of the Red Cross Society, and congratulated the organization on its great peace-time activities. The conference is being held at St. James' Palace, recent scene of the London Disarmament Conference.

The Duke signalled out for special mention the child welfare work being carried out by the order in India; the health and education work in South Africa, and the work in pioneer districts with the new system of visiting housekeepers to help women and children in Canada.

RACE TRACK CONCESSION CONSIDERED

Only Offer Received by City for Ten-Year Extension at Willows Is From Colwood Park Ass'n

COUNCIL REVIEWS TERMS PROPOSED

The offer made by the Colwood Park Association to extend \$30,000 at the Willows in return for an extension for ten years of the racing concession now held, was again before the City Council last night. Tenders had been invited from others who might wish to bid for the same concession, but none were received. The Vancouver Thoroughbred Association, Limited, which had asked to be given this opportunity, wrote saying that they had no offer to submit, and the Colwood Park Association repeated its former proposal.

A motion having been made that a fairly large committee, or the council as a whole, should discuss the proposal at a conference with the representatives of the Colwood Association, the Mayor suggested that a small committee might work more effectively and that the council might first go over the terms of the offer so that the committee would know what the council wanted. This procedure was followed, and after the offer had been reviewed and a consensus of opinion expressed on various points, a committee of three was appointed to confer with the Colwood Association. Aldermen Smith and Peden being nominated and the three aldermen on the board of the Agricultural Association being asked to select the committee.

CLUBHOUSE SUGGESTED

The first two clauses of the offer were read, as follows:—
"The Colwood Park Association will expend a sum of \$30,000, which is the estimated cost of building a grandstand and outbuildings under the proposed plan, including track."

"In consideration of the fact that the city is to grant a racing concession for a further ten years, in addition to the two years of the unexpired present lease."

Alderman Litchfield suggested that it might be possible and desirable to ask as a further condition that the association build a clubhouse on the ground. The concessions asked for from the city, which were stated in the remaining clauses, were then taken up. Clause 3 proposes that the city arrange with the Oak Bay District not to raise the present licence fee of \$750 during the period of the new lease.

With regard to this it was pointed out that the city could not undertake to promise what could be arranged with the Oak Bay District, and the general opinion was expressed that it was the business of the Colwood Association to deal with Oak Bay in the matter. Incidentally, City Solicitor Pringle remarked that it was within the power of the Oak Bay District to prohibit racing within its limits.

Clause 4, allowing lumber from the present building to be used in construction of the new one, was not objected to. Clause 5 met with strong and virtually unanimous opposition. It provides that the Colwood Park Association is not to be bound to use machines after the remaining two years of the present unexpired lease, the reason being that the agreement with the Australian Totalisator Company expires then, and if there were no other machines available at that time the Colwood Park Association would be at the mercy of the Australian company. This proposal, it was made evident, would not be agreed to. There was comparatively little objection made to the remaining clauses, except Clause 8, which provides that:

"A safeguarding clause shall be inserted in the agreement protecting the Colwood Park Association in the event of racing being barred in the province by the Legislature during the term of the lease; the wording of this clause to be agreed upon by the city solicitor and the company's solicitor."

It was explained that what was desired was that in event of racing being prohibited the association might use the grandstand as a means of deriving revenue from other attractions that might be put on. Alderman Peden thought that this might have a beneficial result in leading to the more general use of the grounds. The city might be willing to give the association a percentage of the receipts.

On conclusion of the discussion, the appointment of a committee of three to meet the representative of the Colwood Association was made, with instructions to report to a special meeting of the council to be held at an early date.

Change in Amendments To Code at Request of Christian Scientists

TORONTO, May 19.—A dispatch from Ottawa to The Toronto Star says that in a bill introduced by the Government to amend the Criminal Code, a change has been made at the request of Christian Scientists, in three sections which deal with the obligations of health officers to people in charge of the sick and masters and mistresses of servants and apprentices under sixteen. It is explained the purpose of the amendment is to permit Christian Scientists to practise their beliefs without fear of prosecution. The new subsection which is suggested for the Criminal Code in this regard is as follows:—
"Any obligation which may be involved in this or the two preceding sections to supply medical or surgical attendance as 'necessary' or 'necessary of life' shall not apply to or affect persons using or depending on prayer or spiritual means for the treatment of human ailments as an enjoyment or exercise of religious freedom."

Indian Agitators Conduct Campaign on False Rumors

Continued from Page 1

The Government. The Sikhs, with the exception of the Pathan tribes in the extreme Northwest, are the most warlike stock raised today. They were a great help during the mutiny, though then but recently subdued, and they take particular pride in their record as members of the British forces.

APPEALS TO MOSELEMS

The Congressmen are now concentrating on appeals to the Moslems and other minorities but here again, the Government had adopted a counter-propaganda campaign in terms calculated to appeal to Moslem minds. The minorities and the Government find themselves usually in sympathy. Each depending to some extent upon the other.

THE CIVIL DISOBEDIENCE CAMPAIGN

The civil disobedience campaign is expected to turn to the boycott, says the Viceroy's statement, as its principal weapon. The Government anticipates increased picketing of foreign cloth shops and liquor shops, a great determination to raid the Dharamas as depots for the most serious appeals to Government servants, students, lawyers and laborers, and the initiation of a non-payment of taxes.

UNDER CONTROL

The Viceroy states the situation is under control and in many places the arms of the authorities have been strengthened, by experience and extra measures, to meet future trouble.

BATTLE CONTINUES

BOMBAY, May 19.—India's battle against the Government salt monopoly continued unabated today, but there was no mass violence, nor were there any serious clashes with the police.

The activities of civil disobedience volunteers centred chiefly around the salt pans at Dharamas and Wardalia. At the latter place the police used their sticks to drive the raiders away from the salt pans, injuring seven. They persisted heavily at this task, for the volunteers were determined to get into the barbed wire enclosure while the police were busy driving another out.

SEVENTY ARRESTED

To break up one such incursion by 100 Nationalists, the police arrested seventy, but thirty others got away with their hands full of salt. Spectators meanwhile quailed in the road and jeered at the efforts of the police.

The same system prevailed at Dharamas, where raids on the Government salt works were instituted unsuccessfully last week by Mrs. Sarojini Naidu, woman leader of the civil disobedience movement since Mahatma Gandhi and Abbas Tyabji have been put in jail.

Nationalists split into groups to provoke the police, while spectators hooted and sang Nationalist songs. Wednesday is expected to be a critical day at Dharamas, for mass action by thousands of volunteers has been arranged for that date.

ALLEGED MISTREATMENT

Most of the prisoners have been interned in a prison compound at Worli. Reports of mistreatment there caused some Hindus to go on strike in Bombay today. Some of the prisoners went on strike alleging that cement had been put in their food. Prison officials said that was untrue, but promised to improve the food.

Sholapur, the scene of serious rioting recently, has quieted down under more than ten days of martial law. The military court which functioned under martial law has sentenced forty persons. One of them, Raj Wadde, editor of a native paper, was given seven years in prison and a fine of 10,000 rupees (about \$4,000). The other received smaller terms and fines, while several youths were sentenced to be whipped.

SAY REPORTS "FALSE"

A Government statement said most of the reports of mob atrocities in Sholapur at the height of disorder were false.

One development which may have significance later was the arrest today at Jhelum of a large party of Akalis (Sikh devotees), who were marching to Peshawar to "express sympathy with the Pathans of that place." Peshawar is the key city of the Indo-Afghan frontier and severe rioting occurred there some time ago. Pathans and Sikhs are both fighting tribes.

Another party of 100 Akalis were understood to be headed for Peshawar and police prepared to intercept them.

Columbia Drug Company, as they shared in the profits made.

The practice of the wholesalers keeping money to the druggists, which had formerly been practiced, was now over.

Mr. Jenkins said there were no further drug stores in Victoria and elsewhere in the province, but he agreed with the witnesses who were "identical" that these men did not receive enough to be able to start up in business.

PROBLEMS OF MARRIAGE

Other witnesses gave the information that at the amount they were receiving they could not get married. They would not ask a young lady to accept a respectable offer of trying to keep house on the salaries.

Among those who gave evidence were Messrs. Thomas Cross, P. W. Wright, E. V. Jenkins, W. A. Atherton, B. Gough, C. W. Ross and H. Davenport.

The evidence as to the amount paid was very similar in each case, except in a few instances where a higher rate was paid under exceptional circumstances. These clerks had started at about \$25 a month until they became apprentices, when the rate went up by small increases until they became qualified licentiates, when they were paid from \$75 to \$125 a month for fifty-four to fifty-eight hours a week.

It was stated at the opening of the proceedings that a petition on being filed with the Government to take the operations of the act away from applying to professions. Mr. H. W. Davey, who appeared for the licentiates, gave information that a counter-petition was being signed to allow the act to remain as it was.

The chairman of the board, Mr. J. D. McInnes, pointed out that that body was there not to recommend any form for the act, but to carry out the provisions of the act over. He also alluded to the fact that the present sitting was the result of a mandamus from the Supreme Court calling upon the board to do its duty.

Adam Bell is sitting with Mr. McInnes. Mr. George H. Cowan, K.C., the remaining member of the board, was not present at the sitting yesterday.

EVENING SITTING

At the evening sitting, Mr. John McArthur testified as to the conditions prevailing, maintaining that the remuneration was not sufficient. Mr. John Cochrane, representing the owners of drug stores, gave the situation as it presented itself to the operators under present-day conditions.

The board will sit in Nanaimo today.

ARTILLERYMEN HOLD REUNION

Fifteenth Brigade, Canadian Field Artillery, Makes Merry at Annual Event at Crystal Garden

Artillerymen from Vancouver, Nanaimo, Duncan, Salt Spring Island and other points, totaling ninety, were present at the fourth annual reunion banquet of the 15th Brigade, Canadian Field Artillery, held at the Crystal Garden. Mr. Gordon Cameron, occupied the chair. Sergeant-Major James Stuckey, 5th Brigade, C.G.A., proposed toast, "The Battery," which was replied to by Lt. J. M. Fowler.

"Our Old Friends—the Nags," was proposed by Capt. H. Brown, and replied to by "Shoelace Smith" Phil Brethour, of Sidney.

Vocal and instrumental selections were included on the programme, the artists being: Tom Rogers, tenor; Jack Clayton, monologue; Arthur Jackson, humorist; Buster Brown, songs and banjo; Tom Obee, comedian; E. Impett, humorist, and Percy Fletcher, accompanist.

Community singing led by W. Hudson, punctuated the proceedings throughout, and stories and anecdotes wound up the evening. Gunner George Lomas, captain the award for "best story."

FRUIT TARIFF TO RECEIVE ADJUSTMENT

Continued from Page 1

of papers, carried. The text asks for a copy of "all letters, telegrams, recommendations, memoranda, or other correspondence, between the Minister of Marine and Fisheries, or any departmental officials, and any person or persons relating to the appointment of fishery guardians at Fort St. James and Fort George, British Columbia, for the season 1930."

Slavery divorce measures were put through the committee stage and were given third reading.

PENSION ACT

The following motion was quickly passed:—
"That it is expedient to bring in a measure to amend the Pension Act, to carry into effect the recommendations of the special committee on pensions submitted to the House on May 14 instant; and to provide for the salaries to be paid to the chairman and members of the pension appeal court; and for pension to be granted to any member of the said bodies, or of the commission, on retirement; and for the salaries of the other proposed officials and traveling and living expenses as prescribed; and for the constitution of a branch of the department to be known as the Veterans' Bureau."

A second notice of motion for consideration extending the time for receiving applications for insurance under the Returned Soldiers' Insurance Act for three years from August 31, 1930, was likewise passed.

ORIENTAL RESOLUTION

Mr. W. G. McQuarrie (Cons., New Westminster), asked the Government if it was its intention to permit discussion this session of a resolution standing in his name respecting Orientalism. The resolution proposed that "the Government should consider the advisability of submitting a reference to the Supreme Court of Canada to determine what are the powers, if any, of the Dominion and the Provinces respectively in regard to the passing of legislation prohibiting the owning or leasing of lands by Orientals in Canada, in regard to repatriation of shop and other licenses; and also as to whether or not existing treaties prevent Federal, provincial or municipal action relative to the said subjects or any of them."

Mr. McQuarrie further inquired if, without the suggested discussion, the Government would have a reference to the Supreme Court of Canada on the subject.

Premier W. L. Mackenzie King said that towards the end of each session there were always requests from members for an opportunity to discuss resolutions standing in their name. If an exception were made in one case, he continued, other members with proposals would ask for like treatment. As to the question of a reference, Premier King said he would reply at a later date.

PREMIER'S ANSWER

Premier W. L. Mackenzie King said that towards the end of each session there were always requests from members for an opportunity to discuss resolutions standing in their name. If an exception were made in one case, he continued, other members with proposals would ask for like treatment. As to the question of a reference, Premier King said he would reply at a later date.

As the public interest may permit, generous, in the treatment alike of one and all, wholly regardless of the particular administration in office in any of the provinces."

TO SITUATION THEN

The Prime Minister declared that his statements in the House of Commons had relations exclusively to a "then existing situation and was not to be understood or interpreted as having any other possible application."

In his statement Premier King said: "I am not in a position at the moment to give any attention to the business of Parliament, which is still in session, and in case of time to conduct a campaign outside of Parliament, or I should be pleased to reply to Mr. Ferguson from the public platform. In case, from the public platform, I feel called upon immediately to say that the words attributed to me by Mr. Ferguson, or their equivalent, were never used by me at any time or in any of the provinces."

ZIONISTS HEAR OF CONDITIONS IN PALESTINE

Noted Author Tells Jewish Organization of Victoria About Riots and Their Cause

JEWIS ARE HELPING ILLITERATE ARABS

Addressing the Victoria Branch of the Zionist organization in Temple Emanuel on Sunday night last, Mr. Maurice Samuel, noted lecturer, traveler and translator of a famous German war book, told of the educational and social work being carried on in Palestine by the Zionists, and referred to the recent rioting and shedding of blood in that country.

The trouble arose, Mr. Samuel said, over the spreading of a false report by the Grand Mufti, head of the Moslem Council, to the effect that the Zionists were bent on demolishing the Mosque of Omar in order to rebuild Solomon's Temple on its original site. It had been necessary for members of the organization in Palestine to conduct personally the uneducated and illiterate Arabs to the site of the Mosque in order to prove that nothing was being done with the edifice.

Concerning the rioting, contrary to the allegations that the Jewish Zionists had not attempted to protect themselves, Mr. Samuel informed his hearers that the British relief officer was authority for the statement that the colonist had done everything in their power to take care of themselves. At Beth Alpha, Tiberias, Safed, Hebron and the smaller districts of Mt. Gileboa and the Valley of Jezreel, the defence had been carried out with great efficiency and military bearing.

The Zionist Building in Palestine had met with the approval of the Arab Council, which had given its consent to the purchase of the land because of the high price that was paid for the property. The Jewish farmer and colonist had greatly raised the standard of living in the country. Through their influence, a union of labor had been founded among the Arabs.

In the field of social work the Jews were doing everything possible to educate the illiterate Arabs, and were admitting them to hospitals, everything being done free of charge.

Mr. Samuel considered the economic standing of Palestine entirely sound and investments quite safe. The University of Mt. Scopus was attended by 600 students, who were receiving tuition in mathematics, biochemistry, micrology and languages.

Local Zionists, including Mr. E. Fromson, president, Rabbi H. H. and Mr. J. Rose, met Mr. Samuel on his arrival and entertained him at dinner in the Empress Hotel.

Mr. Samuel served with the American Expeditionary Force during the Great War, and some time ago served on a national council considering the Russian pogroms. He was a member of the Near East Relief Council.

COMPANY SALE BEING PROBED

Labour Dept. Makes Inquiry to Ascertain if Combines Investigation Act Has Been Infringed

(Associated Press)

OTTAWA, May 19.—The question of the sale of the Famous Players Canadian Corporation to the Famous Players Leskey Corporation of New York, is at present being investigated by the Department of Labour with a view to ascertaining if the situation created by this sale infringes the Combines Investigation Act. This was stated in the House of Commons by Hon. Peter Heenan, Minister of Labour, when the matter was brought to the attention of the House by Hon. R. B. Bennett, leader of the Opposition.

Mr. Bennett asked if the Prime Minister had any information to give in this connection.

Reading from a document prepared by Thomas Mulvey, under secretary of state, the Prime Minister outlined the structure of the Famous Players Canadian Corporation. It had been incorporated January 1, 1920.

The Government, declared the Prime Minister, had not been advised of any circumstances surrounding the sale of this company to the Famous Players-Leskey Corporation. There was nothing to indicate that the Government had any authority to intervene. If, however, any of the provisions of the Companies Act had not been complied with, any relief, consequent upon such a violation, would be afforded by the courts.

QUESTIONS INVOLVED

There were three questions involved, Mr. Bennett said, and these might be resolved by Parliament. One was, should the Companies Act be amended to provide specifically for motion picture corporations? Those companies should be under the control of Canada while operating in Canada.

The next question was whether the present condition did not constitute a violation of the Combines Investigation Act, and also whether it did not involve some difficulties touching upon the Criminal Code.

The third question was to determine what policy this country should pursue in view of the fact that it was alleged the producers and distributors of motion pictures were the same people, all resident in a foreign country. Mr. Bennett suggested some action be taken to safeguard what was at stake in the national business.

EXPRESS CONCERN

Several days ago some hundreds of shareholders had met in Toronto and expressed the greatest concern over the national aspect of this matter. Mr. Bennett stated, he suggested the Minister of Labour might give it his consideration.

Mr. Heenan replied that, although it was unusual to discuss in Parliament the operations coming under the Combines Investigation Act, he might inform the House that the activities of the corporation were now being looked into.

FORMER JUDGE IS FOUND DEAD

MONTREAL, May 19.—Former Justice Malind McCarty, of Calgary, was found dead in his room at the Windsor Hotel, Montreal, over the week-end and a verdict of natural death was returned by a coroner's jury today. Hon. Justice McCarty was fifty-eight years of age. He had been in this city for several days on a holiday trip.

Mr. Justice McCarty was born in Orangeville, Ont., and was educated at Trinity College, Port Hope, and Toronto University, graduating in law. He was formerly a partner with the late John Addington, of Stratford, Ont., and the late Hon. W. J. Hanna, former Provincial Treasurer of Ontario. He was a member of Parliament for Calgary from 1905 to 1912, sitting on the Conservative side of the House. In 1913 he was appointed to the Supreme Court of Alberta, retiring about six years' service on account of ill health.

MR. THOMAS LABELLE DIES AT EDMONTON

EDMONTON, May 19.—Member of the first detachment of the Royal Northwest Mounted Police which traveled across the prairie in 1873 and which brought the now famous redcoat into the West, Mr. Thomas Labelle, Western Canadian pioneer, died here Sunday. He was eighty-three years old.

Mr. Labelle joined the force at Toronto when it was organized and rode his horse into the West as Constable Labelle.

Open New Church Hall

St. Matthias' Hall, Opened at Hollywood on Wednesday for District Gatherings.

Conservative Opposition to London Treaty

LONDON, May 17.—Strong Conservative opposition to the London Naval Treaty developed today, although to all appearances it still was dissociated from such leaders as Rt. Hon. Stanley Baldwin, former Premier and nominal head of the party.

Back benches, numbering considerably more than a hundred out of a Conservative membership in the House of Commons of 260, have given notice of a motion condemning Section 3 of the treaty, which fixes limits on tonnage of cruisers, destroyers and submarines, as contrary to the interests of the Empire.

The motion was said not to have been approved by the nominal Conservative leadership, which will hold aloof from the action of their extreme followers. If this is the case, there was some doubt that the move would have sufficient support to get time allotted for its discussion in the House.

The motion followed speeches by Rt. Hon. Winston Churchill and Col. L. C. M. S. Amery in condemnation of the treaty.

MANSLAUGHTER CHARGES FAIL

Magistrate Dismisses Cases of Messrs. Allan C. Butchart and Ivan Gibbs in Vancouver

(Associated Press)

VANCOUVER, May 19.—Charges of manslaughter against Mr. Allan C. Butchart, nineteen, and Mr. Ivan Gibbs, taxi-driver, were dismissed in police court today.

The charges arose out of an accident on Broadway at Cambie at 1:22 a.m., May 8, when Mr. John William Russell, Toronto, was fatally injured in a collision between Mr. Butchart's car and another driven by Mr. Russell.

Constable J. Carstairs, a Crown witness, swore that shortly after 1 a.m. on the day of the accident he had prevented Mr. Butchart, who was under the influence of liquor, driving the car from Granville and Nelson streets.

Mr. Butchart's companion, he said, was sober and had a driver's license, so he allowed him to take charge of the car and drive Mr. Butchart away. The companion, he presumed, was Mr. Russell. The witness was corroborated by Mr. William Dunbar, taxi-cab operator.

Other evidence was similar to that given at the coroner's inquest.

Magistrate H. C. Shaw stated that the case was apparently one of "pure accident" and ordered the charges dismissed.

The evidence taken at the hearing of Mr. Butchart was then applied to the case of Mr. Gibbs, and he also was ordered dismissed.

Premier MacDonald Regrets Resignation Of Sir Joseph Ward

(Canadian Press Cable)

LONDON, May 19.—Sir Joseph Ward, who, on Thursday, announced his resignation as Premier of New Zealand, is regretting the loss of his services, according to a cable from Wellington.

"I learn with deep regret that, on medical advice, you have felt it necessary to resign. I am sorry to think that this means we shall be deprived of the benefit of your valuable counsel and experience when we meet at the Imperial Conference."

The evidence taken at the hearing of Mr. Butchart was then applied to the case of Mr. Gibbs, and he also was ordered dismissed.

BRIDGE SURVEY WILL BE MADE

NORTH VANCOUVER, May 19.—Mr. F. H. Bridgman, chairman of the Burrard Bridge and Bridge Company, is well satisfied with the mission of the bridge delegation to Ottawa, according to a wire received from him by Mr. Percy Ward, superintendent of the Second Narrows Bridge.

Believing that any menace to navigation can be overcome by certain alterations to the draw of the present structure, it was decided at a conference in Ottawa, at which Mr. F. D. McD. Russell, K.C., chairman of the Vancouver Harbor Board, and the Hon. J. H. King were present, that the Harbor Board would have a complete survey made of the bridge.

The survey will be made by Mr. C. D. Howe, of Port Arthur, with the assistance of one or two bridge experts, it is understood.

Personnel of Royal Commission Named

REGINA, Sask., May 19.—Mr. Justice James McKay, chairman; Mr. Justice P. E. Mackenzie and Mr. Justice J. F. L. Embury, the two former of the King's Bench, have been named as the personnel of the Royal Commission in investigation of the charges of maladministration by the late Gardiner Liberal Government, and directed by Hon. J. F. Bryant at the last session of the Legislative Assembly.

Making this announcement, Hon. M. A. McPherson, Attorney-General, stated that the commission would function forthwith and that the dates of sitting would be announced later.

To Elect Delegates

The Conservatives of Ward Five will meet on Monday, May 20, at 8 p.m., at the Conservative Association headquarters, in the Campbell Building, for the purpose of choosing fifty delegates to attend the nominating convention which will be held in the near future to select the candidate for the City of Victoria at the forthcoming Federal election. All Conservatives in the ward are urged to attend.

SENTENCES IN ASSIZE COURT

Chief Justice Morrison Gives Man Seven-Year Term on Drug Charge in New Westminster

NEW WESTMINSTER, May 19.—Declaring that the possession of drugs or any offence under the Narcotics Act was one of the most serious offences known in any country, Chief Justice Morrison, in Assize Court, today, sentenced James Weir to seven years in the penitentiary, together with a \$200 fine or an additional year for possessing morphine.

Charles M. Knowles, Allen Lin-

sard, Charles Irvine Thomas, Irvine and William Dohanic, convicted of theft of \$10,000 worth of logging equipment at Langley Prairie, were all given suspended sentence. The judge said that all the parties responsible for the theft were not here. "Some others should have been tried with you," he stated.

Allan R. Munday, convicted of uttering a forged cheque at Chilliwack, was sentenced to one year.

SERIOUS OFFENCE

Veleen Salo, convicted of wounding Sam Saari at Maple Ridge, was given one year. The judge declared that this was a very serious offence, particularly as the convicted man had a revolver.

John Cunningham and John M. Delmel, convicted of breaking and entering the home of John Foster,

at Coquitlam, and possession of stolen goods, were sentenced to two years each.

Charles Peterson was given three years for having issued worthless cheques at Langley Prairie. This is the maximum penalty, Peterson having a long record of similar offences between 1914 and 1929.

James St. Clair and Peter Harrison, convicted of possessing stolen goods at Ruskip, were sentenced to one year each.

Horace T. McKay, of Vancouver, convicted of the theft of chickens from Milner, was remanded until Thursday morning for sentence, the judge stating that he wished further to consider this case.

Give some people their rights and they would complain of being done out of their wrongs.

Of the hundreds of thousands of owners

Not one has paid a cent for service

WHAT greater proof of the supreme efficiency and economy of the General Electric Refrigerator could you ask?

Not a cent for service! What is it that makes such a record possible? Look at that small round unit on top of the General Electric cabinet. Your answer is there . . . the answer which tells you why the General Electric Refrigerator is the least expensive refrigerator you can own.

In that amazing unit on top is housed the entire mechanism of the General Electric Refrigerator . . . sealed airtight against dirt, rust, moisture—and trouble. And sealed up with it is a permanent supply of oil, that will protect the mechanism thoroughly in the years to come.

Not a cent for service . . . but that's not all! The attractive General Electric cabinets are now built of all steel. You will find them as durable and efficient as the remarkable mechanism that preserves your food within them.

New Vegetable Pan . . . accessible freezing regulator . . . easy-cleaning features . . . low running cost . . . quiet operation . . . these are outstanding advantages of the General Electric Refrigerator. Come in today and let us tell you about our surprisingly easy terms.

IN A FISCAL FOG

The Dunning Budget has been described as a mongrel policy. It is, indeed, a hodge-podge miscellany containing preferences, countervailing duties, increases and decreases in tariff schedules. No more confusing changes could have been designed to mystify the electors, and it must always be remembered that this is an electors' as opposed to a taxpayers' Budget. It is a hundred to one against the ability of Mr. Dunning himself to explain exactly what the effects of the fiscal changes will be on the future economic progress of the Dominion, and yet it will be his duty in the election campaign to set forth, fully and candidly, the purpose he has in view and the specific form in which economic ills will be cured.

The Budget stifles the Federal Government. The members of that Administration have in their travels through the country and in their utterances everywhere emphasized their belief that Canada is making wonderful progress, that her economic position is safe and sound, and that the policy pursued by themselves has been the purveyor of leaves and fishes to the community as a whole. Now comes the Budget with its olla podrida of changes. The change above all others which stands out is the conversion of the Government to the knowledge that economic conditions need rectification.

The effect of the Budget is reduced tariffs. Mr. Dunning, to this extent, has saved his free trade conscience. It gives increased protection, either actual or implied, in some directions; it reduces that protection on other schedules. The net result is a reduction of the tariff average at a time when protection should be the keynote of fiscal administration. The Budget is somewhat unusual in that it does not attempt to predict what the effect of the tariff changes will be on taxation and revenue. The Montreal Gazette says Mr. Dunning makes the extraordinary omission of detailing the means whereby he expects to raise the \$400,000,000 required for the current fiscal year. It comments, too, on his absence from the House of Commons during the Budget Debate. Mr. Dunning may be able to escape listening to his critics in Parliament but he must meet the people when the Government goes to the country.

The Budget in the aggregate possesses so many conflicting features that it requires the most elaborate explanation. Even were that possible it is doubtful if a title of the people could grasp its implications. What is more doubtful still is if there is anyone who can forecast its ultimate effect, except as an effort in fortune telling.

AN ABLE ARGUMENT

It is a matter of particular interest that one of the city members of the Provincial Legislature should now be advocating the very great desirability of abolishing Succession Duties in this province. Mr. H. D. Twigg is to be congratulated on his outright advocacy of this course, as well as upon the manner in which he dealt with the subject in an address given yesterday before the Gyo Club. Mr. Twigg, who has made a very full investigation of the problem, foresees no difficulty because of the temporary loss of revenue which British Columbia would suffer. He knows that this would be more than made good through other tax resources because of an increased flow of capital to the province and the general fillip that would be given to development.

Mr. Twigg will deserve well at the hands of the people of this province if he is successful in persuading his fellow members of the Legislature, and chiefly the Minister of Finance, that there is much to be gained by the abolition of a tax which, whatever way it is viewed, amounts to the confiscation of capital. Mr. Twigg is an able and convincing speaker. He has marshalled his arguments on the question of Succession Duties in a forcible way. He has, indeed, constituted himself one of the protagonists of this move which, when finally implemented, will remove in rapid fashion to the interests of the prosperity of British Columbia.

ICELAND AND COLUMBUS

There are to be great scenes in Iceland this summer to celebrate the thousandth anniversary of the first parliament set up by the Viking settlers. Icelanders from all parts of the world are to be there, with the King and Crown Prince of Norway and the Crown Prince of Sweden, and the guests will be housed in a town of 27,000 tents. Will the festival include, it is being asked, any commemoration of the greatest man who ever set foot in Iceland? That man was Columbus. For centuries it has been stated that he went there for a set purpose, and for centuries it has been denied. Now the fact seems to be established for all time that Columbus did go to Iceland, and to Greenland as well, solely to get news of a seaway to what he thought was India, but which was really America. A Spanish scholar, Senor Luis Ulloa, has just published a book in which he states that he has discovered a document proving that, in 1477, Columbus went to Iceland for the purpose stated fifteen years before he began his memorable voyage, and that so fearful was he that others should discover his purpose that he assumed a false name there and hid the news of his errand when he returned to Spain.

Dr. Nansen always believed in the Icelandic visit of Columbus, and brought out the interesting fact that Bristol may have inspired Columbus originally. We know he was there. We know also that many Norwegians, accustomed to trade with Iceland lived in Bristol, and that they and the men who sailed with Cabot regularly visited Iceland and told tales of the wonders of a great land across the sea which the Icelanders had reached 500 years before. Those stories probably sent Columbus north from Bristol to get news for himself. Certainly it was the Icelandic stories which sent Cabot out to seek the fabulous

island of Brazil and so led him to the discovery of the North American continent.

In spite of all Iceland could teach, Columbus set out on what should have been the most extraordinary wild goose chase in history. He thought the world was rather less than half its actual size. It was on this supposition that he dared the voyage with the craven crews he had; but for that he never could have gained support for his scheme, money for his ships, food for his men. He thought India was an easy sail to the West, and when he found land he believed he had reached India and called the islands the West Indies. All that Luis Ulloa proves, if he makes good his claim, is that the rumor of the Icelandic visit is truly history. That does not take a single leaf from the laurels of Columbus. He did hear in Iceland news of a western land the Vikings called Vinland; he set out to seek India there, and he hid from all the knowledge of the preliminary voyage toward the Arctic, which now, for the first time, seems to have been proved beyond dispute.

MISS WINONA MARLATT

An earnest worker, an influence for social good and a diplomat has been lost to the community in the untimely death of Miss Winona Marlatt, who was engaged with the Provincial Government's Employment Bureau. Of the most kindly disposition, with courtesy investing all her dealings in an office which called for the exercise of much tact, she made a host of friends. Service was her motto. She labored indefatigably, always with set purpose, and her personality, because of its power of self-effacement, was a big asset in making for the success of an office to which she was a source of perennial strength. Hundreds of our citizens have at one time or another come in contact with the late Miss Marlatt. All have the kindest recollections of a disposition which could not fail to attract. She did an excellent work with the utmost conscientiousness, and laid up treasure for herself, "where neither moth nor rust doth corrupt."

The motto of the fiscal policy of Great Britain's Labor Government is to encourage the confiscation of wealth for the ordinary and the extraordinary revenue purposes of the administration. Thus it is widening the gulf between taxation and representation, and thereby creating both an economic and a political danger. Under Labor Great Britain is committed to heavier and heavier taxation. Mr. Ramsay MacDonald and his associates in Government bid fair to create an unrivaled example of spendthrift zeal.

The Dunning Budget does not increase the employment in Canada. It has not as its cardinal principle the fostering of production in the Dominion. In other words, efforts to solve the fiscal problem should be in the direction of redressing the adverse balance of trade and promoting more and more a policy which would encourage Canada becoming a greater exporter than importer. That is not the case. The Dunning Budget has all the earmarks of swelling the volume of imports without bringing about even a corresponding increase in exports.

Few cities in Canada have shown such substantial growth as Montreal. Within a decade the total assessable property has doubled in value and is now \$1,200,000,000. In 1914 the population was 625,000; today there are a million people in the city proper. In 1914 there were 153 miles of streets and today there are 600 miles. The municipal revenue, which in 1914 was \$10,500,000, is now \$36,750,000. Montreal has reached the rank of the fifth largest city on the continent.

"UNTO THE HILLS"

Somewhere a wind is lifting to the steep, And down the shaggy glens the Spring is born. So sweet the song, and dithyrambic hearts are torn With longing and with laughter; music leaps Across the world again, and streams and hills Are singing to the sunshine; far away The birds are calling where the closing day Crisscrosses across the grave, abiding hills.

Spring yields to Summer; sunshine, dusk and stars Gleam in an endless cycle through the year. Death finds the dreamer; love to life unbars The heart, and laughter wears a mist of tears.

But steadfast stand the hills, where eve and dawn Have flamed one ragged moment, and are gone.—Dorothy M. McBurnie in Chambers' Journal.

Great men are they who see that spiritual is stronger than any material force, that thoughts rule the world.—R. W. Emerson.

Note and Comment

By R. B. D.

O, woman! in our hours of ease, Unearth, say and hard to please, And variable as the shade, By the faint quivering aspen made: When pain and grief are near, A ministering angel thou! —Scott.

They, the women of England, have held a meeting, and have declared with emphasis that never again will they wear long skirts. So there! Rather than wear long skirts, the women of England will wear pants. If they are permitted to do it, they will consent to wear skirts an inch or two below the knee, but there they draw the line.

If the mere men of England had anything to say in the matter—a conceit which of course is preposterous—they might suggest that a great many of the women of England would look more attractive to the eyes of men if they were drapery right down to their shoes. But modern women of course scorn modern men, and do not care a fig how they appear in the eyes of men. They do not dress today to attract men or to rouse envy in the soft bosoms of sister women. They dress for comfort and convenience. The least they do to the down to their feet—for if the shoes worn by the women of England are anything like the shoes worn by the women of America, physical comfort ends with the skirt an inch or two above the knee or the same number of inches below it.

But why should the women of England have to hold a public meeting and tell the world whereat they or whywhith they shall be clothed? Why do they not do what their mothers or their grandmothers used to do? Years and years ago there were said to have been masterful women in England and in other parts of the island, who were masters as well as mistresses in their own homes, whose rule was absolute, who figuratively wore the breeches, and whose will there was none to dispute.

Why cannot the modern women of England wear any kind of skirts they please, and tell the tyrant of fashion, or of conventional public opinion, to go hang? The fact that women believe they must hold public meetings and pass resolutions upon such a subject demonstrates that they have not yet achieved complete independence.

Poets have sung, dreamers have dreamed, and philosophers have lectured and written about, and soldiers have fought for, the blissful conditions of freedom ever since these long-gone days when the first man spoke and the first word was written, but neither absolute freedom nor complete independence has yet been achieved. Men as well as women, nations as well as individuals, are in a state of thralldom; for the battle of life is still to the strong and the powerful dominate the weak. Women are still the slaves of fashions and conventions, and no man has the courage to do the thing he will in defiance of public opinion. No nation tramples another nation, and no individual has absolute confidence in the good intentions of other individuals.

In every phase of national and individual life there is an endless struggle for supremacy. For centuries Britain was supreme upon the seas and in business. Britain has voluntarily surrendered her supremacy upon the seas and has agreed to naval parity with the United States. But there are powerful and ambitious elements in the United States which are not content with parity. Those elements maintain that as the United States has attained business supremacy over Great Britain, they have also the power to establish naval supremacy, and that that power should be brought into action. They demand freedom of the seas at the same time and under the same conditions for their conception of freedom of the seas is naval domination of the seas in times of peace as well as in times of war. They have adopted the principle of protection for their external trade in times of foreign conflict, when external trade is the most profitable because of inflated prices.

The argument of the big navy men of the United States is that as Britain dominated the seas and trade when she had the power, the United States should do the same thing now when it has the power—that Britain's voluntary abdication is the opportunity of the United States. That is not an unreasonable "preposition" from a disinterested point of view, whatever we may think of it from a British point of view—and it proves our position that the strong always will dominate the weak when they can, and that the bounds of national freedom, like the bounds of international trade, are limited, notwithstanding all the vain talk about freedom of trade and freedom of the seas. The principle of liberty which prevailed centuries ago is still the prevailing principle.

still the prevailing principle: "Let them take who have the power; let them keep who can."

Speaking with the voice of the big navy men of the United States Senate, an American newspaper commentator said: "The United States has to compromise to get the treaty. It might have been simpler to get along without it, building ships and other things as we require them. Britain never came here to discuss the size of England's navy, or invited us to come to discuss that matter, when she had enough money to build what she liked when she liked." If Congress makes an appropriation of a billion dollars for naval construction, the United States will still appear to have the power to build what she likes when she likes, while Britain appears to have ceased building altogether.

Letters to the Editor

Letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception.

LIBERTY OF THE SUBJECT

Sir,—I hope I can claim to be a law-abiding citizen, and although I may not agree with many laws that affect me, yet I am a law-abiding citizen. Thanks to the British system of justice, I am also protected. The police of any city have powers given them to arrest a person. Before doing so they must exercise care, and use good judgment, because if they break the law, the citizens have the protection of the law behind them.

As a citizen and a taxpayer I have the right to see that those who are placed in authority do not do something that may affect my liberty or my character; also to insure that through any gross carelessness of officials I am not called upon to pay in for their mistakes.

I have often visited a premises in this city for the purpose of purchasing tobacco, cigars, etc. These premises are situated in a public place and are licensed to keep open and I presumed at least that this would be a public place, so long as I treated the premises with respect and decency. Even presuming that something is being done contrary to the law on these premises and because some malicious person reports to the police that this is so, and because I enter these premises for the legitimate purposes mentioned, are the police within their rights in entering, arresting me, taking me in the patrol, locking me behind bars, searching me, keeping me for some three or four hours, forcing me to get back and then bringing me into a public police court for my name to be printed in a newspaper, thus bringing my name and character into ridicule and contempt?

From reports in the press this does happen in Russia and some unenlightened countries, and if this can be legally done in Canada because I may be a victim some day, then I feel that the old flag of Liberty that all Britons are proud to carry should be taken down, for I do know that this would not be tolerated in that little "Island," England. This is a case for a strict inquiry, because it is not the correct method of carrying out the law; then it is time that we appoint police commissioners who will see to it that officials under them are capable of giving a proper protection to the public, and not becoming a menace. Immediate action is necessary or this city will be landed in heavy damages, which will fall upon the taxpayer.

JOHN DAY,
 880 Madison Street, Victoria, B.C.,
 May 16, 1930.

PLANTAGENET SCHOOL

Sir,—On the front page of your issue of May 16 there appears a notice of a meeting of the ratepayers of the Plantagenet School District. This notice is a little misleading in the wording, and in order that a wrong impression in this area, given to your readers in this area, I shall be obliged if you grant me space in your columns to place the facts before the public.

The meeting in question has been called by the trustees of the Plantagenet School District, and it is proposed to give them the opportunity to place before the ratepayers an account of their stewardship, and to obtain a verdict of some sort on the question of consolidation.

But, under the agreement with the Minister of Education, no definite result can be obtained at the meeting, as the Order in Council creating the Plantagenet District will be rescinded approximately by July 1, and the whole question referred back to the original school districts.

Under these circumstances the meeting called by the trustees for May 22 is nothing more than a propaganda meeting for the purpose of drumming up support.

All the questions it is proposed to discuss must be brought up again at the separate annual meetings, so the ratepayers can judge for themselves whether it is worth their while to attend on May 22.

H. B. WINGATE WHITE,
 Secretary for the protesting ratepayers.
 R.R. 1, Cobble Hill, B.C., May 16, 1930.

OLD-TIME VICTORIANS

Sir,—I am a former pupil of the Central School. I was there when Mr. C. C. McKenna was the principal, from 1876 to 1878 and had as companions Mr. W. H. Cox and his brother, George, and my brother, Alexander Ross, now of Los Angeles, Calif. I well remember the arrival of the Governor-General, Lord Dufferin, and Lady Dufferin. The Governor-General made quite a speech and then presented three medals, one to Mr. J. C. Newbury, one to Mr. Robert Carey and one to Miss Andrews. My cousin, Charles Ross, was one of the successful candidates for entrance to the high school at the end of December, 1877, with the following pupils: Messrs. J. Williamson, J. R. Collier, William Alwood, A. Mowat, Sam Schmitt, C. Ross, John West, G. Rogers, T. Watson, George Gavin, H. Woodson, W. G. Workman, E. E. Wootton, W. Devereaux and Lockie Jamieson.

There are a few of these pupils still living here today. I may also say that my father, Mr. Alexander Ross; my uncle, Mr. Francis Ross; Mrs. Charles Wren, my aunt, and last but not the least, my aunt, Mrs. Ross, the late matron of the Hospital for the Insane at New Westminster, who died on November 2, 1897, and was buried in the Church

of England cemetery in Sapperton, New Westminster, B.C. The late Mrs. Ross had held the position of matron of the insane asylum in the province since 1870, when the patients were taken care of in the Victoria jail, being removed to the old hospital at Hospital Point, Victoria, in 1872. Mr. Sharpe was in charge at that time, and afterwards the patients were removed to New Westminster in 1878. Mrs. Ross held the position as matron there until her death on November 2, 1897. At the present time the position is held by a very estimable lady, Miss M. Fillmore.

Mrs. Flora Ross was the first child born in Fort Victoria in 1844. After attending school in the Fort, she attended and graduated from St. Ann's Academy, Victoria. Four others of my aunts and uncles went to school at Chelsea, England. The late Mr. J. R. Anderson and Johnny Pambrun were also among those attending Rev. Mr. and Mrs. Staines' school in the Fort.

I remember that I used to pay a visit every week to see my cousin, Charles Ross, when he lived over at the asylum in Victoria. He used to attend Miss Viueux's school, which admitted boys and girls. I was living out at Ross Bay at that time on the old estate. I used to go to the school with my cousin, Charles Wren, a butcher shop, corner of Johnson and Douglas Streets. They lived in a story-and-a-half flat on the top of the hill, just where that Chinaman keeps the bakery now. I then used to go down Johnson Street and call for the ferryman across the water. The first man was Moses Levy, afterwards Charles Guntion. They would wait for someone to call or whistle for them to come to their passengers. At that time the old Marine Hospital was in charge of Mr. Wood, the father of Mr. Thomas Wood, of 1029 Caledonia Avenue. The culinary department was in charge of Mrs. Charles Houslow.

FRANCIS H. ROSS,
 146 Eberts Street, Victoria, B.C., May 19, 1930.

STRAWBERRY FESTIVAL

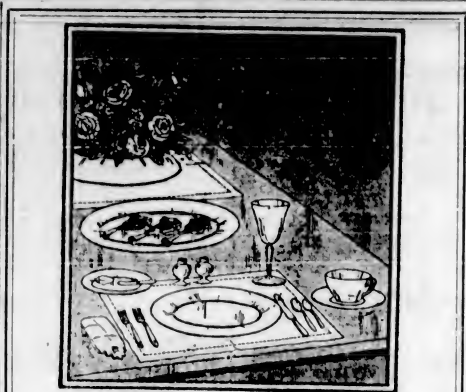

Sir,—Will you please allow me space to make a suggestion to those interested in our city and the Saanich fruit growers. Why not get together and approach the Mayor and Council of Victoria to give space for one day between Blanshard and Douglas Streets, on Yates Street, to have stalls carrying our strawberries and give a prize for the best decorated stall and fruit, also for bottled fruit, to show outsiders what we can produce here on the island? Also have a frolic in connection with it and all get behind the idea and make it go. We have the boats now to bring the crowds from other cities. Why not get busy and get some attractions for our visitors? Here's one suggestion: send in yours. Victoria needs all the suggestions one can make for attractions that will bring and keep our tourist trade going. Also let us demand that every basket of strawberries carries the broker's name on the basket, to do away with topping. If this is done we will know where to put the blame or give the credit.

J. W. BAKER,
 1504 Esquimalt Road, Victoria, B.C.,
 May 16, 1930.

AN APPEAL

Sir,—Might I be allowed a small space in your paper? As superintendent of letter carriers for the city of Victoria, I have frequent complaints from my men that they are continually being bitten by dogs at large on the streets. No serious cases have occurred for some time, but several men have had their uniforms torn and only by good luck have they escaped being badly bitten.

Would it be too much to ask the citizens to protect the letter carriers by having the dogs chained up or closed in? In most cases the letter

"I suppose she will have to give up her home"

WOULD the neighbours be able to talk like that about your widow?

Stop and think! What about the mortgage you are carrying on your home? Bit of a struggle to keep up the interest alone, to say nothing of the payments on the principle, isn't it?

How would your widow manage—with the children to look after too? Men are often careless in thinking about these things because there are many ways open to a man for earning money.

But to a woman—unused to business and hampered with children—there are practically none.

A small saving invested yearly in an Imperial Endowment Policy would provide a fund that would clear your home of all mortgage indebtedness and leave something over, if you died prematurely. If you live until the policy matures you can then utilize the funds yourself. Make sure to-day! Send the coupon now—tomorrow you may be uninsurable.

Shipment of Toads Carried on Empress

Snuggly packed in boxes of earth pierced with holes, through which sailors poured water at regular intervals, 200 live toads formed a strange cargo arriving here yesterday on the liner Empress of Asia.

Described on official landing bills as news, a designation which reminded classical minded clerks of passages from the witches' scene in Macbeth, the toads weathered the long voyage beautifully. They were shipped on at Shanghai and are billed to Indianapolis for scientific research purposes.

WHIPPET AND HORSE RACES ARE PLANNED

Full Programme of Events Will Take Place at Willows on Saturday Afternoon

CONTEST SET FOR MODEL AIRPLANES

Two of the outstanding features of the Victoria Day Celebration will be the horse and whippet races, which will be held at the Willows track, commencing at 2 o'clock on Saturday. Whippet races will alternate with the horse races, and the dog, "Sarah Porter," holder of the American record, and owned and trained by Mr. Jim Mallandain, will be seen in action.

There will also be a number of vaudeville turns, which will feature "Rocky Brooks, the Iron Man," assisted by an exceptionally clever clown. The horse races will be under the direction of Mr. W. H. Mearns, secretary of the British Columbia Agricultural Association. The programme of the horse racing will be as follows:

Thoroughbred half-mile race; saddle horse half-mile race; amateur thoroughbred riders; jumping; thoroughbred three-eighths-mile race; saddle horse half-mile race; lady riders; Victoria Riding

Academy's novice race; open half-mile race. Judges for these events will be Major K. B. Spurgin and Mr. J. R. Seoby.

Punctually at noon on Saturday the model aircraft tournament will be held at the Lansdowne Flying field. The following is the full programme of the event:

1. Twin motor, pusher or tractor, wing span not to exceed forty inches.
2. R.O.C. single stick, under forty-eight inch wing span.
3. Single motor, wing span not to exceed thirty inches.
4. Fuselage model, wing span not to exceed thirty inches.
5. Flying scale models, rubber driver, fuselage covered, cabin or cockpit, landing gear, double surfaced wings and empennage, hand launched.
6. Free for all planes not eligible for any of the above classes, such as gliders, helicopters, etc. Prizes to be awarded by the judges, either by ballot, landing gear, double surfaced wings and empennage, hand launched.
7. Weight carrying.
8. Stunting planes.

Last night a publicity talk on the coming celebration was given over the air from CNRV, Vancouver, and it is expected that crowds of people will flock to this city from the Mainland at the end of the week.

McBride Conservatives To Meet Tomorrow

The McBride Conservative Club (Incorporated), will hold its regular monthly meeting in the Conservative Rooms, Campbell Building, Wednesday night, at 8 o'clock. Captain Hugh Allan, president, in the chair. Several new candidates will be presented for membership, and after the regular business has been transacted, the meeting will be thrown open at 8:30, when all Conservatives are invited to attend. A prominent Conservative will address the meeting, and in view of the forthcoming Federal election, some very valuable information on election matters and organization will be given, so that activities on behalf of the party may be begun and success assured.

Reaches Fifty-Second Milestone Today

MR. J. W. LORIMER
Grand Master of the British Columbia and Vancouver Island, who is today receiving the congratulations and well wishes of his many friends on the occasion of his fifty-second birthday. Mr. Lorimer is a native son of Victoria and was born on May 20, 1878.

Obituary

LAMBERT—The funeral of Mrs. Maria Lambert took place yesterday afternoon, at 3 o'clock, from the Thomson & Fetherly Funeral Home. Many friends attended the service, which was conducted by Rev. W. A. Guy. The hymns sung were "Abide With Me" and "Peace, Perfect Peace." Mr. Lawton Partington presided at the organ. The casket was covered with floral tributes, and the following acted as pallbearers: Messrs. J. F. Fisher, F. Burns, A. J. Poole and Albert Clark. Interment was made in Ross Bay Cemetery.

EARL—The funeral of Thomas Earl, who passed away at Cowichan on Saturday, will take place tomorrow morning, at 10:30 o'clock, from McCall Bros. Funeral Home. Rev. L. J. Jull will conduct the service, at which interment will be made at Ross Bay Cemetery.

LISTER—The funeral of Thomas Henry Cuthbert Lister took place from Hayward's B.C. Funeral Chapel on Sunday afternoon at 1 o'clock, proceeding to the Catholic Church at Mill Bay, where service was conducted by Rev. Father Lemmens, of Duncan, assisted by Rev. Brother Rogation, of Kuper Island Indian School. In the presence of a large number of friends, including about twenty veterans. Many beautiful floral designs were placed on the casket and hearse. Interment took place in the Catholic Cemetery at Mill Bay, the pallbearers being: J. C. Rathbone, J. C. Davidson, A. I. Dyson, J. B. Bell, J. Ford and G. Orr. Mr. Thomas Ward, a veteran, sounded the Last Post over the grave.

FROST—The death took place at an early hour yesterday morning at the residence of Mrs. Wilfred Frost, aged fifty-two years, born in Plymouth, England. She had been for sixteen years a resident of Victoria. Mrs. Frost is survived by her husband, Mr. C. A. Frost, and one daughter, Irene, at the family residence, Patricia Bay; one sister, Mrs. C. Hicks, and one brother, Mr. Stanley Lucas, of Trail, B.C. The funeral will be held on Wednesday at 2 o'clock from the Sands Funeral Chapel, and interment will be made in Royal Oak Burial Park.

CLAGUE—The remains of John Morton Clague, who passed away at Ganges, Salt Spring Island, on May 15, aged forty-two years, and born in the Isle of Man, were laid at rest in Royal Oak Burial Park yesterday afternoon with full military honors, the funeral taking place from Hayward's B.C. Funeral Chapel at 3:30 o'clock. Rev. T. M. Hughes officiating. The hymn sung was "O God, Our Help in Ages Past." Among those present were many returned veterans. Many beautiful floral offerings were received. The casket was escorted on the gun carriage, draped with the Union Jack, in charge of Lance-Corporal Richards, of Work Point Barracks. Sergeant Bates was in charge of the firing party over the grave. Bugler Sergeant B. Drysdale sounded the Last Post. Pipe-Major Wallace was in charge of the British Scottish Pipe Band, which headed the procession from the chapel. The pallbearers were: Messrs. P. H. Grimmer, C. G. Hutton, F. K. Smith, E. W. Origg, H. G. Scott and J. B. Bridge.

TROYER—The remains of Mrs. Hannah Troyer are reposing at Hayward's B.C. Funeral Chapel, from where the funeral will take place this afternoon at 2 o'clock. Rev. E. W. P. Carter will officiate. Interment will be made in Royal Oak Burial Park.

MITCHELL—The funeral of the late Rachael Lilla Mitchell will take place from Hayward's B.C. Funeral Chapel this morning at 10:30 o'clock. Rev. A. de B. Owen will officiate. Interment will be made in Royal Oak Burial Park.

BURTON—Funeral services were held in Vancouver, B.C., on Friday, for Francis Donald Burton, who died on May 14 in his nineteenth year, his late residence being 2740 Asquith Street, Victoria. Rev. J. W. Sipprell, D.D., officiated and interment was made in Ocean View Burial Park. There survive his mother, Mrs. T. W. Burton; one brother, Herbert; and one sister, Helen, all of Victoria.

MEDAL WILL BE PRESENTED BY MAYOR ANSCOMB

Greater Victoria's Best Citizen for 1930 Will Receive Award at Ceremony on Saturday

NOMINATIONS CLOSE TODAY

Mayor Anscomb will present to the person chosen as Greater Victoria's Best Citizen for 1930, the Native Sons and Native Daughters of British Columbia's appreciation medal for good citizenship, on Saturday afternoon next, May 24, at 4 o'clock, at the Boys' Central School, during a reception to be held in conjunction with the Central Old Boys' Reunion.

Nominations of candidates for the appreciation award close today. All nominations must be in the hands of the chairman of the appreciation award, room 10, McGregor Block, by 5 o'clock this afternoon. Nominations will be kept strictly confidential, and will be referred to a selection committee of prominent business men, who will determine the best citizen for the current year. The name of the best citizen of Greater Victoria for 1930 will not be disclosed until Mayor Anscomb makes the presentation to the recipient on Saturday.

CAPTAIN FISHER PASSES TO REST

Skipper of First C.G.M.M. Vessel on Coast to Be Buried Today

VANCOUVER, May 19.—Captain R. J. Fisher, one of the best known masters on the Pacific Coast, died at his home in Burnaby on Saturday morning after a long illness. He was sixty-two years old, and leaves a widow and two daughters. Captain Fisher was the first master of a Canadian Government Merchant Marine vessel on the Pacific Coast, and remained in the service of the company to the time of his death. He had command of the Canadian Aviator, and later took charge of the Canadian Highlander, which ship he commanded for eight years. Following this he was transferred to the Canadian Aviator, and continued in charge of this ship until illness forced him to take to his bed. This proved to be his last command. Officials of the Canadian National Steamship Service today expressed their sorrow at losing such an officer. "Captain Fisher was one of our most widely known skippers," stated Mr. B. C. Keeley, Pacific Coast manager, this morning. "He was a typical representative of the old school of sea captains, and a man of great skill and ability. We are all sincere in extending our sympathies to Mrs. Fisher and family." The funeral will be held on Tuesday afternoon from St. John's Church at Central Park.

FORESTRY BRANCH ORDERS VESSELS

Twenty-Foot Craft Will Be Used on Babine, Horsety and Shuswap Lakes

Rodd Brothers are building at their boatbuilding plant on the Gorge, three boats to the order of the forestry branch of the British Columbia Department of Lands. These boats will follow the general design of a standard sixteen-foot model for outdoor equipment, but will be lengthened to twenty feet, and will have a beam of five feet. The boats will be used for forestry patrol on Babine, Horsety and Shuswap lakes respectively. Delivery is promised at the end of this month. The type of outdoor motor to be used has not as yet been decided, and its adoption will be the result of tests to be made by representatives of different makes of outdoor motors in Victoria when the first boat is ready, the stipulation being that the motor accepted must give the boats a speed of at least twelve mile an hour when traveling light.

Mr. Bottomley to Be Permitted to Visit Australia

SYDNEY, N.S.W., May 19.—The Commonwealth Government has granted Mr. Horatio Bottomley permission to visit Australia on a three months' lecturing tour. Mr. Horatio Bottomley, former member of Parliament, publisher and financier, released in 1927 after serving five years in prison for embezzlement, chose Australia and South Africa for lecture tours after the United States immigration laws barred him as ineligible. His prison record also prevented him from entering Canada.

FIFTY YEARS AGO TODAY

(From The Daily British Colonist, May 20, 1880)
Instructions have been received by the resident engineer of the Dominion Government to remove the dredger and scow with the steam tender to New Westminster, where they will be placed under the orders of Mr. Turner, C.E., and used in the improvement of that harbor and of the Fraser River generally. Vice-Admiral Penruddock, who has spent two weeks among his friends at Nanaimo and Victoria, contemplates taking his departure on Thursday for England. Mr. Allan Francis, Consul of the United States here, paid an official visit to Admiral Sirrine on board R.M.S. Triumph yesterday.

Fall of Moorish Castle in Sines Terrorizes Many

LISBON, Portugal, May 17.—A thirteenth century Moorish castle, perched upon a towering crag, collapsed in the night. Parts of its walls fell into the village of Sines, terrorizing the population. There was no one abroad in the little seacoast town when sections of the wall slid from the overhanging rock cliff.

An urgent message today was sent by officials of Sines asking the Government to complete demolition of the castle to avert a catastrophe. The town of Sines is about twelve miles from Santiago, in the former kingdom of Algarve, now a province with about 200,000 population. Sines

WARD THREE CONSERVATIVES TO ELECT DELEGATES

The Conservatives of Ward Three will meet on Tuesday, May 20, at 8 p.m., in the Conservative Association Headquarters, in the Campbell Building, for the purpose of selecting fifty delegates to attend the nominating convention, which will be held in the near future to select the candidate for the City of Victoria at the forthcoming Federal election. All Conservatives in the ward are urgently requested to attend.

FIRE — SAFETY IN YOUR SUMMER HOME For Your Family's Sake

AN oil lamp is accidentally upset or a flaming brand from a nearby fire is cast upon your roof—and—pouf! Your summer cottage for a few terrifying minutes is a flaming torch, then a bed of ashes. If your family come unscathed through such an experience you count yourself fortunate. Yet today it is possible to minimize the fire hazard in your summer home!

The new improved Gyproc Wallboard is the ideal building material to use for walls, ceilings, partitions, and sheathing. It does not burn; it provides structural strength; it keeps out draughts, dust and vermin; you can tint it, plaster it or paper it if you wish. You can obtain this permanent, fire-resistant protection in various thicknesses at surprisingly low cost. The new Gyproc joint filler is now the same colour as Gyproc Wallboard.

Gyproc Wallboard, so easy and quick to apply, is used for building, remodelling and repairing:

Store Ceilings, Basements, Warehouses, Barns, Attic rooms, Fruit cellars, Making old rooms new, Store windows, Dressing rooms,	Rest rooms, Offices, Partitions, Garages, Under Cornice, Dairies, Summer Cottages, Factories, Kitchens,	Poultry houses, Farm offices, Harness rooms, Shearings, Ceilings, Walls, Sun Porches, Covering old plaster, Picture theatres.

A Challenge to Stomach Sufferers

HELCO

THE HERBAL MEDICINE—FREE FROM DRUGS

HELCO, the herbal remedy, tells how you can quickly perfect digestion, attain sound sleep and healthy bowel action—without drugs.

No matter how long, nor how badly you have been troubled with stomach disturbances, heartburn, bad breath, sluggish liver and other disorders due to constipation, you will happily see an immediate improvement in your health with the use of HELCO. This is the verdict not only of thousands of former stomach sufferers, but of physicians and health leaders throughout the land. Hundreds of users who have used this remedy in the treatment of such symptoms as dizzy spells, liver disorders, indigestion, sleepless nights, kidney and bladder troubles have already written in praise of HELCO.

Since taking HELCO, hundreds of local folks no longer suffer from weakened, run-down condition—constant headaches—heartburn—and, above all, poor appetite, muddy blood and sluggish bowels.

HELCO is a herbal medicine—free from drugs. It pays proper attention to stomach needs which ordinary laxatives do not do. It is a most modern and natural adjunct and is a great help in eliminating irritants from the system. It is a natural remedy. Don't wait. Start taking HELCO today. It does not gripe because it is a natural tonic. You will feel a change after the first bottle. You will enjoy renewed vigor—"a new grip on life." For all stomach disturbances, heartburn, bad breath, sluggish liver and other disorders due to constipation.

HELCO is on sale at your druggists. Ask him about it.

YOUNG MEN GAIN AIR PILOT RANK

University of British Columbia Students Qualify for Royal Canadian Air Force

Canada's traditions in the air bid fair to be upheld by the youth of British Columbia, who are now qualifying for the rank of pilot in the Royal Canadian Air Force.

Of the young men who enlisted as mechanics in the Royal Canadian Air Force two years ago, for example, only nine were selected for promotion to the prized posts of noncommissioned officer pilot, and of these nine, six were from British Columbia.

University of British Columbia students selected for the provincial pilot officers' course at Camp Borden each Summer and have always taken high standing in their classes and last year Michael G. Nesbitt, of Victoria, headed the entire group which composed students from universities in all parts of the Dominion.

Among other boys from British Columbia who qualified for the V.C.O. pilot ratings is V. S. Roberts, of Victoria, who is continuing his training on land machines at the Eastern centre.

The course offered to university

students has attracted many young men to the Royal Canadian Air Force. Students in applied science only are eligible for the provincial officers' course at Camp Borden, and there are scores of applications for every opening. This year four University of British Columbia students were selected among them being Sydney G. Cowan, of Victoria, Science 33, and Lyman M. Nesbitt, also of Victoria, Science 32, a brother of Michael Nesbitt, Science 31, the student who captured first place honors at Camp Borden last Summer.

Man's Body Found Floating in Waters Of Harbor Yesterday

The body of a man, believed by police to be that of Alex Pook, was found floating in the waters of the Inner Harbor shortly before noon yesterday. Despite the fact that the body was badly decomposed, papers found on the dead man led local police authorities to assume that Pook is the man's name.

No record of the man being missing had been presented to the police, but the condition of the body has led them to believe that he has been dead for some time.

After coroner E. C. Hart had been notified, the remains were taken to Thomson's Funeral Home. The inquest has not yet been set.

WHEN people say... "Grape-Nuts?"

Ah, yes, I eat Grape-Nuts most every morning....

you'll find many reasons for their preference. But

the one big reason is because Grape-Nuts tastes

so downright good! So nutlike. So crispy. So

different! Just try it! Made in Canada.

Grape-Nuts

BUY IT TODAY for breakfast tomorrow!

MR. HAYWARD IS SPEAKER

ADDRESSES WOMEN'S CONSERVATIVE ASSOCIATION ON CURRENT AFFAIRS

Members for City Are Working For West Coast Road and Court House

Before the Women's Conservative Association at evening session, Mr. Hayward, M.P., spoke on the subject of "Victoria," recalling its early history, and concluding with facts concerning the political situation as it has presented itself in the city, the province and the Dominion. As a native son of the capital of the Province of British Columbia, Mr. Hayward said that he felt he was a citizen of no mean city.

Founded in 1843 by James Douglas, of the Hudson's Bay Company, Mr. Hayward recalled the circumstances connected therewith. First called Camosun, or Camosun, the name was changed later to Port Alberni, and then to Victoria.

He pointed out that the city would be only what the citizens made of it. He called upon the women to take their part in the shaping of the city, and the province, along right lines.

WOMEN'S FRANCHISE

Alluding to modern events, Mr. Hayward said that the Liberals sometimes attempted to take the credit for the giving of the franchise to the women in this province. As a matter of fact the Conservative Government was responsible for this action. Under the leadership of Mr. W. J. Bowser the act was passed, and at the election of 1916 the male electorate was asked to endorse it, and the promise given that it would at once come into force. The male electorate endorsed the scheme, but the Bowser Government was defeated, leaving the Liberal Government coming into power merely to bring the act into effect.

Tracing the history of representative government in the province, the speaker brought his audience down to the time of the present administration. This Government came into power because the people of British Columbia were tired of the irresponsible Government, he said, and of the wild orgies, such as the Sumas reclamation which was to cost \$1,800,000, and \$4,000,000. The people were tired of machine rule, and the high rate of taxation which followed the extravagances of the Liberal rule.

INHERITS DEFICITS

The situation which faced the new Government was outlined. The administration found itself loaded up with debts and deficits to the amount of \$5,000,000. There were increases in taxation rather than reductions.

Mr. Hayward said that permission for heavy borrowings was granted, but that this did not mean that the borrowings would necessarily be all made. He himself was against heavy borrowings.

LOCAL NEEDS

He said that the members for the city of Victoria were alive to the needs of the city, and were assiduously working in the interests of Victoria. The heavy expenditures of the late Government was the main reason why certain propositions like the Court House and the West Coast Road were not being pushed forward as they all wished. There was \$125,000 set aside for the West Coast road this year, and he had every confidence that the Court House will be under construction in 1931.

He made an appeal for united action when the Federal election came on, to see that the Conservative nominee was elected from Victoria.

Mr. Hayward was cordially thanked for his address.

FOUR PERSONS KILLED IN RIOT

Soldiers Break Up Political Meeting in Cuba—Firing Causes Fairly General in Grand Melee

ARTEMISA, Cuba, May 19.—Soldiers breaking up a Nationalist political meeting here Sunday, killed four persons and injured more than twenty others. There was some firing between the troops and the Nationalists, who are opponents of the Machado administration.

The trouble began when Colonel Carlos Mendila, leader of the Nationalist organization, arrived at the meeting and was drawn into an altercation with Lieutenant De Silva, of the army, who warned him not to mention the name of Julio Mella, Cuban student, who was killed in January, 1929, in Mexico City.

Lieut. De Silva took his place in the audience, which began to quarrel. A captain of Rural Guards came through the crowd with a troop of twenty-six men in an attempt to restore order, but there was a burst of rifle fire, said to come from the belfry of a nearby church, which threw the crowd into a panic.

Soldiers rode through the crowd, then, wielding machetes, in an attempt to disperse it. Firing became fairly general for a few minutes and order was restored within about half an hour. Lieut. De Silva was among those killed.

Schubert Club Concert

A string orchestra under Mr. A. Prescott will assist in the cantata, "The Highway," at the Shrine Auditorium on Wednesday, presented by the Schubert Club, and Miss Adele Bucklin will render violin solos.

To Name Delegates

The Conservatives of Ward Three will meet this evening at 8 p.m. in the Conservative Association headquarters in the Campbell Building to select fifty delegates to attend the nomination convention which is being held in the near future to select the Federal candidate for the City of Victoria at the forthcoming election. It is expected there will be a large attendance at this meeting.

Mr. T. A. Kluk will act as chairman.

Seat on School Board Captured By Mr. H. Murray

THE polling for the vacant seat on the Oak Bay School Board resulted in Mr. Herbert Murray being elected with a majority of seventy-one over his nearest competitor, Mr. R. R. Neild. Mr. Murray received 159 votes in all, Mr. Neild 88, Mrs. Anna L. Rhodes 75, and Mr. F. M. Sterry 40. There was one spoiled ballot. The total vote cast was 363, which Returning Officer Blandy considered a fair average for a school board election.

TO PROSECUTE MR. G. IRELAND IN VANCOUVER

Continued from Page 1

Daughter Is Stronger Now

"My daughter Catherine is fifteen years old. She was very irregular, often sick at her stomach and had to stay in bed two or three days at a time. One of your booklets was sent to us by mail so I got her a bottle of Vegetable Compound. Catherine has been taking it regularly and she is gaining in weight and every way, I told the neighbors and four other girls are taking it with good results."—Mrs. Clarence Jenkins, Box 14, Thornhill, Ontario.

Lydia E. Pinkham's Vegetable Compound

THE DAILY COLONIST, VICTORIA, B.C. TUESDAY, MAY 20, 1930

City & District

Saanich Health Centre, W.A.—Monthly meeting will be held at the Health Centre today, at 2:30 o'clock.

Fortnightly Councils—After next Monday, the City Council will meet only twice a month during the Summer season, it was decided at last night's meeting.

Visiting the Capital—Mr. T. H. Kirk, M.P., president of the Provincial Conservative Association, and Mr. J. A. Blair, organizer for the province, were in the city yesterday on business connected with the preparations for the Federal campaign, which is about to open.

Opened Tenders—Tenders were opened yesterday by the Minister of Public Works for the operation of the winery at Sooke, on Sitouap Lake. Only one tender was received, that from Storness and Sorenson. The bid was for \$230. The matter was taken into consideration by the department before awarding the contract.

Sunday's report of the Victoria City Kennel Club's annual show it was reported in error that a Mrs. Cassel, of Seattle, had taken first prize in breed and novice in the Peking class. This should have read Mrs. C. M. Castle, of Victoria, who was so fortunate with her exhibits. Mrs. Castle is one of the best known dog fanciers of Victoria, her kennels being at 412 Constance Avenue, Esquimalt.

No Evidence Forfeiting—There were no witnesses appearing yesterday before the Minimum Wage Board at its sitting in the Parliament Buildings. The board is taking this matter up at the same time as a hearing of the drug store employees.

Revision Starts—Registration of voters on the Provincial Voter List was reviewed before courts of revision at many places all over the province yesterday. Revision of the list affecting Victoria, Oak Bay and Esquimalt, commenced before Mr. George H. Mabon, the registrar, at the courthouse, Bastion Street, yesterday morning. Those eligible to vote and not yet registered must apply in person to the court of revision, if they wish to be entered on the list. Objections are also heard at this time.

Inspect Ranch—The Victoria branch of the British Columbia Goat Breeders' Association started the Summer season on Sunday with a visit to Mr. Blake's ranch at Ok-Pot. There was a large turnout under the convener'ship of Mr. Tom Pearce. The many fine Saanen and Nubian goats were inspected and discussed, and afterwards the party adjourned to the beach for lunch, where an enjoyable picnic was held. The following were the prize winners of the various competitions: Ladies' race, Mrs. Baker; men's race, Mr. Ribbins; supping milk with teaspoon, Mrs. Newbury; ice cream eating, Mrs. Lockwood; goat-milking contest, Mrs. Blakely; base running, E. Harrison.

A cautious young man took a sporting old uncle to meet the woman to whom the younger man proposed to propose. She proved to be charming, but his uncle, who was a charming character, she liked her color scheme; she's lively without being too fast, but, for laddie, her silence is totally inadequate.

Announcements

TUG HOPE FUND ASSISTS MANY

DEPENDENTS OF THOSE WHO LOST LIVES IN SHIP COLLISION RECEIVE SUBSTANTIAL AID

The final report of the citizens' committee formed to raise and administer a fund to assist the widows and orphans of those who lost their lives in tug Hope, lost on October 17, 1925, has been presented to the City Council by City Treasurer E. C. Smith, who was also treasurer of the committee, and was accompanied by cordial acknowledgment by Alderman Cullin, chairman of the committee, of the services rendered by the treasurer and other members of the committee.

DETAILS SETTLED FOR EMPIRE DAY

CELEBRATION COMMITTEE TO HAVE CHARGE OF CONCESSIONS, NARANAIMO CITY COUNCIL DECIDES

NANAIMO, May 19.—With a full roll of aldermen present, Mayor Hall presided over this evening's regular meeting of the City Council. Mr. Frank Reynolds, secretary of the Empire Day celebration committee, wrote asking the council for permission to allow the committee to have full charge of local concessions on celebration day, the same realized would help defray the cost of expenses for the celebration. On motion permission was granted.

The council, in committee as a whole, recommended the decorating of the streets for Empire Day be given to the Vancouver Shade & Awning Company at a cost of \$98. The recommendation was adopted.

The fire warden recommended that 500 feet of hose be purchased for the fire department at a cost of \$750. This was passed on motion.

The council, in committee as a whole, recommended that a roadster car with a truck body be purchased at the cost of \$850. This was passed on motion.

By-law No. 472, giving the council power to purchase part of the property owned by Mr. M. A. Carroll, was reconsidered and finally adopted.

Alderman Dixon moved, and Alderman Drake seconded, that the bathing beaches this year be again left in the hands of the Canadian Legion and the Army and Navy, at the same figures as last year.

Mr. B. M. Saunders, manager of the Nanaimo Lumber Company, wrote asking for permission to use No. 6 reservoir on the same conditions as last year. On motion it was decided to leave the matter in the hands of the waterworks committee for report.

The recommendations of the finance committee for the grant of \$100 to the local board of trade for the purposes was, on motion, adopted.

The fire warden committee recommended that the wooden tower of the fire hall, being badly decayed, should be torn down and the roof repaired; also a new bath and fixtures be installed in the living quarters of the resident firemen to replace the present bath, at a total cost of \$150. The recommendation was adopted.

The streets committee recommended that the westerly approach to the Bastion Street bridge be repaired, the bridge being in a bad state, especially on the northerly side. This recommendation also was adopted.

ABOLITION OF TAX URGED BY MR. H. D. TWIGG

Continued from Page 1

On the other hand, he went on, it was necessary to consider the geographical position of British Columbia in order properly to grasp the significance of the question as it affected this province.

Hemmed in by mountains to the east, by severe winter conditions to the north, and by a tariff wall to the south, this country's obvious outlet was Pacific trade.

With the voting strength of Canada lying on the other side of the Rockies, it became necessary for us to adopt methods in this country which were designed to meet our own peculiar conditions. One of these methods was the abolition of succession duties.

It was true that British Columbia had a favorable succession tax, but the speaker, referring to such things as the \$20,000 exemption and the low percentages of tax, therefore, he argued, why not go the whole way, and abolish the tax altogether?

LAND DEVELOPMENT The tax, continued the speaker, was particularly hard on those who had settled on the land and developed their property. It seemed very unfair that, upon the death of a man who had done excellent pioneer work for the country, his relatives should be forced to pay the duty, or to have the property seized in lieu of payment.

The old families of England who had been responsible for the development of the land had taken ages in the process, and had stood behind

the nation in her hour of need more than once. It was the right of British Columbia, the Empire's gateway on the Pacific, to develop along these lines.

Mr. Twigg urged his hearers to give the whole question very careful consideration, remembering that the proposed effect would have far-reaching effects for this province. At the conclusion of his address he answered a number of questions put to him by the members present.

FAMOUS EXPLORER HEARD AT OTTAWA

Sir Hubert Wilkins Says Submarines Best for Expedition to Arctic

OTTAWA, May 19.—Submarines should prove much safer than the Argentine Arctic explorer's gateway, Sir Hubert Wilkins, world-famous explorer, on his arrival here yesterday in connection with a lecture tour. It was successful in organizing an expedition, the celebrated Australian said he would invade the Arctic in the months of July and August, next year.

The ideal type of underwater craft would carry a crew of eight men and have a cruising range of 2,000 miles.

Sir Hubert proposes to take soundings which he believed will show the Arctic Ocean to be the deepest body of water in the world.

Youth: "I love your daughter more than words can tell." Her Father: "Well, maybe you can state it in figures."

WORK NEEDED AT RED CROSS SHOP

**Women's Institute Asked to Assist
in Getting Orders for Dis-
abled Veterans**

At the May meeting of the Victoria Women's Institute on Friday Mr. Stanley Okell, manager of the Red Cross Workshop, Johnson Street, addressed the members and

made an urgent appeal for more interest to be taken in the shop and that more orders be given the men to fill. The disabled veterans are asking for more work in order to

earn a living for themselves and their families, and a very high standard of workmanship is being maintained, said Mr. Okell. All kinds of carpentering, furniture repairing, basketwork, recaning of chairs, upholstering, etc., is being done. Last year 208,930 poppies and 1,012 wreaths were made for the

Armistice period committee's distribution. The lampshade frame department has grown from very small beginnings, he said, and formerly men are employed. From time to time men had to be laid off through lack of work and the speaker appealed to the institute to do all in its power towards directing work to the shop. Mrs. F. Taylor presided at the meeting and arrangements

Women's Institutes of

Vancouver Island

SOUTH SAANICH

The South Saanich Women's Institute held an interesting meeting in the rooms, Temperance Hall, on Thursday evening. The feature of the evening was a demonstration of pottery-making by Mrs. Combe, who

showed in most interesting manner to fashion articles from clay using both Saskatchewan and local clays. As the work progressed each step was explained in an obliging manner by Mrs. Combe, who had a number of beautiful specimens of her work on display. At the conclusion of the demonstration hearty thanks were accorded the demonstrator. During the business session Mrs. H. Lawrie presided, and Mr.

To Return Shortly
After an extended visit to England, Miss C. L. Alexander is expected to return to Victoria shortly.

Officers Elected by Canadian Daughters
The following officers were installed at the meeting of Assembly No. 5, Canadian Daughters' League: President, Mrs. R. H. McInnes; first vice-president, Mrs. E. B. Bisset; second vice-president, Mrs. K. Cree; recording and corresponding secretary, Mrs. A. C. Pike; financial secretary, Mrs. P. Ormiston; treasurer, Mrs. H. Reardon; chaplain, Mrs. L. Otto; pianist, Miss M. Mason; historian, Miss G. Adams; sergeant-at-arms, Miss D. Willing; assistant sergeant-at-arms, Miss C. Cooch; inner guard, Mrs. V. Morrison; outer guard, Mrs. Q. Charles; junior past president, Mrs. G. H. Gardiner; the press correspondent, Mrs. H. B. Den, was unable to attend, owing to illness.

Grand Sergeant-at-arms Mrs. Gardiner, and Mrs. Harris, a member of the grand executive, conducted the gathering.
Bouquets tied with the league colors were presented by the newly-installed president, Mrs. McInnes, to Mrs. Gardiner and Mrs. Harris, installing officers. Mrs. McInnes, Moffitt, retiring officers; while special recognition was given Mrs. H. Henson, retiring chaplain, who during her two years in office, had the enviable record of perfect attendance; as being the recipient of a beautiful basket of flowers.

Presentation of the past president's jewel was made to Mrs. Gardiner in recognition of her office as president of Assembly No. 5.
Miss Grace Adams presented Mrs. Gardiner with a silver rose, bowl as a token of appreciation of her leadership during the past two years.

At the close of the meeting vocal solos were rendered by Miss M. Mason and Miss M. Watson, both responding with encores, after which the members retired to the dining-room, where refreshments were served under the convenship of Mrs. R. Stinson, Mrs. June and Mrs. Woodbury. The members of the executive were seated at the head table, which was decorated with pale pink tulips and pink tapers. A beautifully decorated cake, the gift of the assembly to the executive, was cut by the junior past president. A hearty vote of thanks was tendered the committee by Mrs. Ormiston.

Jack Walker spent the week-end with his parents at Jordan River.

Mrs. Vogel, of Otter Point, was visiting her daughter and son-in-law, Mr. and Mrs. A. Kirby, for a day or two last week.

Mr. and Mrs. N. Foster, of Victoria, motored up to Jordan River on Sunday and spent the day with

Mr. and Mrs. A. W. Terman recently moved into Jordan River and are at present residing in the apartment.

Mr. Gordon Willoughby is spending a few days in Victoria.

Mr. and Mrs. F. Grey had as Victoria visitors Mr. and Mrs. Jones and sons.

Mr. and Mrs. F. Grey had as Victoria visitors Mr. and Mrs. Jones and sons.

Mr. and Mrs. F. Grey had as Victoria visitors Mr. and Mrs. Jones and sons.

Mr. and Mrs. F. Grey had as Victoria visitors Mr. and Mrs. Jones and sons.

Island Social Notes

Deep Cove

The engagement is announced of Kathleen Florence, only daughter of Mr. and Mrs. Steunburg, formerly of Victoria, now of Patricia Bay, to Mr. Albert Marshall, youngest son of Mr. and Mrs. Marshall, of Vancouver. The wedding will take place early in June.

Miss Patricia, Towers, entertained a number of her young friends at a delightful party on Saturday afternoon. Various lawn games were played, after which daily refreshments were served.

Miss Kathleen Steinberg is visiting in Vancouver, and is the guest of the Misses Marshall.

Galiano
Mr. Miller Higgs left for Vancouver.

Mrs. Williams (Victoria) who has been visiting Mrs. W. Miller Higgs, returned to Victoria Tuesday.

Mr. Mitchell, road superintendent, paid a visit to the North End.

Miss Kathleen Bambrick is home for a holiday from Victoria.

Guests at the Farm House Inn are Mr. Rose, Mr. and Mrs. Clark and family.

Courtenay
Mr. J. B. Martin has returned to Vancouver after visiting Mr. and Mrs. Kerr on the Cumberland Road.

Miss Sheila Allard went down to Nanaimo on Thursday's train, to take part in the musical festival there.

Mr. J. Franklin, an Esquimalt & Nanaimo Railway official, returned South on Thursday afternoon after an inspection visit here.

Mrs. C. F. Liddle left on Saturday's train for Southampton via the Panama Canal and New York.

A number of contestants at the Nanaimo Musical Festival attended from Courtenay, where the contestants shared in the successes. Parents and others put their cars at the disposal of the Courtenay Girls' Choir, which only missed the first place, and the cup by one point. Among the outstanding successes from Courtenay was Mrs. H. M. Tribe's successful training of the Cumberland School choir, Frank Hurford and the violin class, and Miss Sheila Allard in the dancing classes.

Mrs. M. Inglis left for a visit to Scotland on Monday morning, her husband accompanied her as far as Vancouver.

Mr. Bert Farrell has disposed of his interest in the Tuxedo luncheon rooms, and billiard parlors to Messrs. Frank Lalonde and Renacker.

Having spent a few weeks as the guest of Mrs. Duke at "Ty Colwyn," Mrs. Bambrick has returned to Victoria.

Guests at present staying at "Ty Colwyn" include Mrs. Muriel, Miss Moore and Miss Freeman, all of Victoria.

Mrs. E. Horwood had as visitors over the week, Mr. and Mrs. Randall, of Victoria.

Sunday visitors at the home of Mrs. F. Norton were the Misses Stella Wilson and Margaret Ritchie.

Mr. and Mrs. Gattick, and Peggy, Mr. Snape and Dick, were Sunday visitors at the home of Mr. and Mrs. Howey.

Mrs. Ralph Strong had had as a visitor Mrs. Dick Holmes, of Victoria.

Mr. and Mrs. F. Grey had as Victoria visitors Mr. and Mrs. Jones and sons.

Jordan River
Mr. and Mrs. A. W. Terman recently moved into Jordan River and are at present residing in the apartment.

Mrs. Kingery, her daughter Clara, also the former's mother, have returned to Point No. Point, after spending several weeks in Victoria.

Mr. Gordon Willoughby is spending a few days in Victoria.

Mr. and Mrs. N. Foster, of Victoria, motored up to Jordan River on Sunday and spent the day with

Mrs. Foster's sister, Miss G. Hoffman.

Miss Eva Ritchie returned to Jordan River on Sunday after being away for a few days.

Mr. A. Boyd spent a few days in Vancouver last week.

Mr. C. Richards was visiting in Victoria at the week-end.

Miss Watt and Miss Donald, of Victoria, were visiting at Jordan River recently.

Ladysmith
Mrs. A. McLeod and daughter, of Vancouver, are the guests of Mrs. McLeod's parents, Mr. and Mrs. P. Noon, of White Street.

Mrs. George Martin, of Coalmont, has returned home after a two weeks' visit with relatives here.

Messrs. A. Strain and D. Kulal were week-end visitors to Vancouver, participating in the Mainland soccer final there.

Miss Ella Bauld was hostess at tea yesterday afternoon, in her home on Fourth Avenue. The tables were charmingly decorated with cut Spring flowers, while Mrs. Christenson poured tea and cut ices. The guests were Madam C. Jones, H. McLean, E. W. Forward, Christenson, T. Honeyman, Dunsmore, W. R. Brown, Attwood, Griffin, T. Spargo, J. Sharpe and Miss M. Ross.

Ucluelet, Long Beach
Mr. J. Thompson, after spending some days as the guest of Mr. George Fraser, has returned to Vancouver.

Mr. T. Turner, of Port Alberni, has returned to his home after visiting in Ucluelet and Tofino.

Mrs. F. Whipp left last week for a short holiday in Vancouver.

Mr. Clarence Gordon, of Ladner, arrived in Ucluelet recently, and expects to remain for some months.

Mr. and Mrs. T. Pearce, of Courtenay, who have been guests for some days at the Bayview Lodge, have left for Port Alberni.

Mr. W. R. Beattie, of Ladysmith, arrived on Tuesday on the Princess Maquinna and will spend some months at Long Beach.

Mrs. F. Garrard, of Tofino, was a passenger on the Princess Maquinna en route to Port Alberni and Vancouver.

Rev. P. Ardagh-Walker is spending a few days in Ucluelet before leaving for Victoria and from there for England.

Major James C. Johnstone, district road engineer, Port Alberni, was in Ucluelet last week inspecting the Ucluelet-Long Beach Road.

Mr. and Mrs. H. Bignmore, of Estevan, were passengers on the Princess Maquinna last trip, returning from Victoria to Estevan after a short holiday.

Mr. A. McLeod, of Ladysmith, arrived in Ucluelet on Tuesday and expects to remain for the summer months.

Keating
Mrs. Woodhill, who has been visiting at the home of Mrs. F. Lefurcy, Gilles Crossroad, returned to Vancouver on Monday.

View Royal
Mr. and Mrs. Dobson, of Victoria, spent the week-end with friends on Denman Avenue.

Mr. Pollard has nearly completed his attractive new residence on View Royal Avenue.

Mr. J. H. Downey, of Deep Cove, was a recent visitor to View Royal.

Mr. and Mrs. Smith have moved into their new home on Helmcken Road.

Mr. H. Thornton left last Friday for a trip to Winnipeg and other Eastern points.

Lake Cowichan
Miss Rene Castley, of Victoria, spent the week-end, visiting her parents, Mr. and Mrs. J. H. Castley.

After a short motor trip to Coleman, Alberta, and a few days' visit to his brother, Mr. Norman Thomas has returned.

Colonel Burkill, of England, and Mr. E. P. Schweigert, of Victoria, were the guests of the Riverside Inn prior to leaving by Indian canoe on Monday for a trip down the Cowichan River.

Mr. W. Lambert and party, of Victoria, spent Sunday at the Lake enjoying the fishing.

Among those registered at the Riverside Inn over the week-end were: Mr. L. G. Morrall, of Vancouver; Mr. and Mrs. C. L. Hamilton, of Seattle; Peggie West, Patricia McDonald, J. Hamilton, R. Davidson, N. McGregor, R. N. Wilson, G. R. Wilson, B. W. Carter, of Seattle; Hon. W. A. McKenzie, Victoria; J. Sutherland, Winnipeg; Mr. A. Sturrock and Mr. J. Sturrock, Victoria; Mr. D. McPherson, Vancouver.

On Friday afternoon Mrs. Sidney Carreck entertained with two tables of bridge when Mrs. Ed. Hemmingson won the first prize and Mrs. Baylis the second honors. Among those invited were: Madam Hemmingson, Carl Swanson, Fred Swanson, Baylis, Welf, Potentier, H. Crookings and Mrs. R. Alexander.

The feminine figure seems to be with us to stay, and to prove this fact even the newest and smartest jacket ensembles feature the slim and flattering lines of the new silhouette.

This type of costume is one that should be included in the wardrobe of every fashion-conscious woman. It serves many purposes, and one can wear it to almost any daytime activity with the sure feel of being well dressed.

Today's sketch shows one of the most interesting ensembles of the season. Gray wool crepe fashions the darling jacket, with soft jabot and interesting detail. The skirt of wool crepe in a soft shade of rust features rows of skillful seamings in an upward movement following the lines of the jacket.

\$24.⁷⁵ Buys a Good Suit at Mallek's

REMEMBER 'way back when a woman used to own one nicely tailored, conservative suit—which she wore season in, season out? She had to wear it a long time to get her money out of it. Seems long ago, doesn't it? Today, suits have as much fashion-importance as dresses. A woman needs several—a trim little rep, a casual covert, a tailored formal suit. Smart women aren't paying too much money for these suits. They are buying them at Mallek's—where there is a large collection of good suits at \$24.75.

**RED FOX

BOYS' CHOIR IS GIVEN BANQUET
A supper party was held on Saturday evening in the K. of C. Hall, under the auspices of the St. Louis College Welfare Association, in honor of the St. Louis College Boys' Choir, which was successful in winning the W. H. Wilkerson Shield for the second time at the Musical Festival. The choir boys and the boys who won second and third places in the folk dancing contest were entertained at a picture show in the afternoon, and supper was served in the hall at 6 o'clock, under the direction of Mrs. J. L. Thompson, assisted by Mrs. Harris, Mrs. Trudel, Mrs. Fletcher, Mrs. W. W. Baines, Mrs. K. T. Hughes and Mrs. McManus. Rev. Father Evans, as chairman, complimented Brother Krog and his choir upon their success. After supper Mr. Peter Bieckle, of Birnie, Manitoba, showed a private motion picture of the largest silver fox farm in the Dominion.

Jim the Conqueror

By PETER B. KYNE

Copyright, 1930, by North American Newspaper Alliance, Inc.

CHAPTER XXI

William B. Latham rubbed his hands together in pleased anticipation, as he noticed the telegram beside his plate at breakfast. He read:

"The man who first called you Crooked Bill knew his onions. You are as crooked as a bed spring. I have your Texas record. You permitted me to walk into a situation that is perfectly and monstrously unusual and I am horribly embarrassed. Jim's father shot you in the back with a forty-five calibre revolver and the impulse to be careless with deadly weapons still runs in the family, only the present representative uses a bow and arrow and shoots for the heart. For the Conqueror half blood bred out of the tribe. Believe it or not, he has erected a headstone over Uncle Tom. It is an angel weeping on the base of the monument and he has worked in a bar-relief of a shepherd and a sheep, presumably the one that was lost. Spanish art and Irish devilry. When I compare him with Glenn I am torn between a desire to weep and to laugh. Glenn is so respectable, so proper, so mindful of all the things we have been raised to admire and respect, while this fellow stops at nothing and consults only his own desires. My plan is to secure the sheep's permission to get rid of the sheep promptly and return to Hillcrest so I can bite you on the ear."

"Bobby,"

Harms, the butler, in the act of dropping the customary two lumps of sugar into Crooked Bill's cup, regarded his master with concern. It appeared to Harms that the old gentleman was about to have some sort of seizure, for he had closed his eyes, thrown back his head, opened his mouth and gasped.

Keep awake with

Drowsiness is dangerous.

Wearily miles seem shorter and the day is brightened when you have Wrigley's with you.

Its sugar pep up you. Its delicious flavor adds to any enjoyment.

A five cent package is safety insurance

The Practical Interior for Summer Homes

ADD to the comfort and enjoyment of the vacation season, by making the interior of your Summer Cottage as attractive and cozy as your city home. Beaver Board is ideal for this purpose—easily applied to walls and ceilings, conveniently transported, low in cost. With it, you can create the most artistic paneled effects.

If you use your bungalow during the hunting season, ensure weatherproof protection by lining with Beaver Insulating Board.

Beaver Board
For building and remodeling, this four-ply laminated board is strong and permanent. Does not buckle, because moisture-proof. Varnish-sized surface eliminates usual priming coat of paint. Look for red Beaver trade mark along sides of each panel.

"You think so?"
"I know so."
"I wish I could be as confident as you, Mr. Latham. Roberta has one weakness, and this is her sense of humor. Like yours, it's a bit—er—diabolical."

"Nonsense. Why, don't you see she's mad at me. She knows now that I knew who Higuera was, or at least that in all probability I suspected that he and Jim Higgins might be one and the same person. This Don Jaime was only about three years old when I left Texas and I took a chance that he was—er—there by now and that he had never heard of me, or hearing of me, would not recognize me as his father's old friend."

"Who shot you in the heel, eh? A peculiar friend, I should say." "Served me right. I insulted him."

"I wish I had never joined in this conspiracy with you, Mr. Latham." "Faint heart never won fair lady. My boy, don't you realize you have a chance to be a hero?" "I do not."

"You're singularly dull. Motors are still climbing and you need more money to protect me. So you've decided that those sheep should be sold to get some ready cash. Consequently you've had two important cases continued, which will enable you to go to Texas and arrange the sale of the sheep."

"Who will I sell them to?" "To me, fool, to me. I'll give you more money for them than anybody else, and the more money you realize on them the stronger you'll be with Roberta. And you'll arrive in time to put a crimp in the aspirations of Don Jaime Miguel Higuera."

"You might shoot me, Mr. Latham." "He might, indeed, but if he should, that would be entirely your fault. He's a hell of a fellow, your father, he'll fight you with any weapon you name, from shillies to gullies, and fight you fairly. You were no mean feat, and you've kept yourself in condition. Why, boy, you could make a monkey out of Higuera—and in the presence of Roberta—wow! After that, all you'd have to do would be to get her to name the day."

"But how can I be assured that he will be jealous of me?"

"He can't help it. It's in his nature. And you know Roberta. Right now she's busy working on him. She'll make him fall in love with her and then, when she has him helpless, she'll put her foot in his face. The man who makes love to Roberta is a game house, but the smart fellow who refuses to take her seriously is the chap who's bound to win her. And, once won, she'll make the finest and most loyal wife in the world."

Glenn Hackett pondered. "There may be something in what you say, Mr. Latham. Higuera was my boy, but that chap named Jim Higgins had killed her Uncle Tom, and, having said that information, he has had the audacity to invite her to his ranch. That was poor strategy and I think, with you, that Roberta will punish him for it."

"In her own little way, my boy, in her own little way—and you know what that way is. You'd better jump to Texas 'my pronto'."

"Well, to make good on your deceit you've rented Hillcrest, so why not go to Texas with me? Shave your whiskers and dress like a rancher and play the part of the sheep buyer."

"By golly, I'll do it, Glenn. It's a good idea. Anyhow, I should be on the ground to advise you. You run into snags. When can you start?" "In one week."

"Fine. That's giving Bobby more time than he requires, but on the other hand Higuera may be a slow starter. Meanwhile I'll keep you advised if anything new turns up. Hey, don't hang up yet. Harms has just handed me another telegram. . . . It may be from Bobby. . . . No. It's from Higuera. Oh, Glenn, will you listen to this? And he read over the telephone:

"When you see your ward again I should be a proud man to hear you address her as Mrs. Higuera or Higgins, whichever suits you best. To the end I request your permission to pay my court. I know the going will be hard, but I have never been accustomed to getting anywhere without a battle, so I will take a chance. You know my people so I do not have to furnish social references. Can furnish financial credentials to please any sane man's exacting."

"What are you going to say in reply, Mr. Latham?" "I'm going to encourage the boy, of course."

"Why do that?" "To make him work. Glenn, if I could only have motion pictures of Don Jaime playing the lute under Roberta's window—keeping her awake with his guitar and his and Spanish songs, putting an extra dash of perfume on himself and drowning her in silly romance, I'd die happy. Oh, the poor, unfortunate devil!"

"No sense of repression, eh?" "Not a scintilla," Crooked Bill assured him. "That method of courtship works fine with a Spanish girl, but to a modern American girl, like Roberta, it's nerve-racking and effeminate. Remember, Glenn, there is one thing Roberta will never forgive, and that's bad taste. You can't kill a girl's uncle and then expect to rush her off her feet, even though you killed in self-defense and in so doing performed a public service. I tell you, Higuera doesn't know any better than to walk straight into lefts and rights. Imagine Roberta the mistress of a ranch on the Rio Grande, trying to teach a 'cholo' butler to deal the grub from the left."

Evidently Glenn Hackett promptly imagined it, for he laughed briefly for the first time. "But this chap appears to be educated, and, to a considerable degree, Americanized," he warned, as an afterthought.

"So was his old man. Texas has been under six feet, and the tribe of Higuera has fought under them all."

"Outwardly they're plain, ordinary Americans, and no Yankee can take them into camp, but inwardly, I tell you, they're still Spaniards. They prefer their beef jerked and they're strong on red chili peppers and brown beans. Spanish is their mother tongue. They speak English perfectly but think in Spanish. Why, if old Mike Higuera could have unloaded his ranch during the Spanish-American War he'd have emigrated to Mexico. He declared that war was an outrage against civilization."

Don't lie awake tonight—sleep!

WHAT a depressing state is sleeplessness! Minutes seem hours—hours seem endless. Back of it usually are nerves—strained, raw and fagged out. Nerves that are starved for nourishment to replace exhaustion caused by over-work, worry, or social effort.

If you are bothered with sleeplessness, feed your nerves with Ovaltine. You will find that they will calm down, digestive unrest will stop and you will sleep soundly and naturally.

Ovaltine at bed-time is the world's best night-cap. Millions of people have found this to be true. The natural nourishment in Ovaltine restores mental and physical poise almost immediately.

Ovaltine is prepared scientifically from ripe barley malt, fresh eggs and creamy milk. Nature's finest tonic foods. It contains all the essential vitamins and other food elements in correct proportions.

It not only soothes and feeds the nerves but completely rebuilds your exhausted body cells and tissues while you sleep. You wake up wonderfully refreshed.

Try the world's best "night-cap" tonight.

Sold at all good stores, in 50c, 75c, \$1.25 and special \$4.50 family size tins; also served at soda fountains.

OVALTINE RUSKS

are excellent for teeth and gums and also are a delightful light food. They are made from finest Canadian wheat flour in which Ovaltine is added, making them more easily digested and much more nourishing than the average rusk or biscuit. Delicious when served with cheese.

Health and Diet Advice

By DR. FRANK MCCOY

KERNELS IN THE NECK

Most people have noticed little lumps which appear at the side of the neck when one has an acute cold. Those with chronic catarrh often find that a few of these lumps persist over a long period of time.

These kernels are really enlargements of lymph nodes which are little reservoirs in the great lymphatic circulation. The contents of the lymphatic vessels are much more than that of the blood vessels; in fact, this watery-like circulation in the body is equal to one-fourth of the body's weight. The little lymph nodes are situated in every part of the body, but there are large groups in certain places, such as the neck, under the arms, and in the groins.

The lymph nodes in children seem to be fully as large as with adults, and can be more easily felt, due to the immature development of the tissues around the lymphatics.

With acute tonsillitis or a bad nose or throat cold the lymph glands enlarge a great deal, but usually return to normal size after the acute disorder has disappeared.

A chronic enlargement of the lymph nodes is called tubercular adenitis, although only in rare cases are the tubercular germs found in the enlarged glands. Tubercular adenitis is seen particularly among the poor and those who live among unsanitary conditions. In the United States it is most common in the negro race.

In nearly every disease it is possible to find some micro-organism which is commonly associated with that particular disorder. With tubercular adenitis and with similar disorders a great deal of research has been done in an effort to find the germ or bacterial cause. Much good time and energy have been lost in such research, for it is easily apparent that an enlargement of the lymphatic glands only shows that the body, through the lymphatic circulation, is attempting to carry away waste products and toxins from certain sections.

In a case of enlargements of the lymph nodes in the neck, the source of such toxic waste will be found in the nose, throat, ears, teeth, or some of the adjacent organs or structures. There may be a type of invading micro-organism found in the tonsils or elsewhere in the neighborhood, but such invasion is any possible because of constitutional degenerations due to faulty habits of living.

Removal of the enlarged glands by surgery has accomplished little good, as the other glands which are left are compelled to do more work and consequently enlarge even more than the ones which were removed.

The sensible treatment for all en-

larged lymph glands in any part of the body is to entirely stop the intake so that the white blood cells and the lymphatic fluids can carry off the accumulated wastes while not being burdened with the assimilation of food and its distribution to the cells.

I recently examined a young man who had just completed a two week's fruit fast. His neck glands are now practically normal, where before they were so enlarged as to make his neck protrude to a thickness of more than two inches on one side. This young man is about twenty-five years of age. Young children get even more rapid results, and it is usually only necessary for them to take a fruit fast for four or five days, when the lymph nodes are emptied enough to be sure that a cure will be effected if a rational diet is followed afterwards.

Hot applications over the glands will help some in increasing circulation of fluids.

If your child has swollen glands, try the fast and heat applications first before you resort to surgery.

Correspondents wishing to communicate with Dr. McCoy should address letters to Dr. Frank McCoy, c/o McCoy Publications, Inc., 609 South Ardmore Avenue, Los Angeles, California.

CORNS

PAIN STOPS QUICK

100% SAFE—SURE!
Stop experimenting! Buy a box of Dr. Scholl's Zino-pads and your suffering from corns and tender toes will be over! Avoid harsh liquors and plasters which often cause acid burn. Zino-pads are guaranteed safe, sure. Thin, small, dainty, portable. Sold everywhere—35-cent box.

Dr. Scholl's Zino-pads
Put one on—the pain is gone!

Vancouver Island

INDIANS HOLD SPORTS FESTIVAL

Corpus Christi Sports Day Is Conducted at Quamichan—Keen Contests

DUNCAN, May 19.—About fifteen hundred people, of whom probably 25 per cent were white and the balance Indians, attended the annual Corpus Christi sports held yesterday at Quamichan.

The greatest attractions to the whites appeared to be the "lehalie" and "smi-a-lee" contests. The first resulted in a win for Cowichan over a composite team from Kuper, Nanaimo and other points. Yesterday was the first time in many years that smi-a-lee has been played in public, and few of the white visitors had ever seen it before. It is a dice game, having points of similarity to "crap," and is played by women. The dice are made from beavers' teeth.

In a football game between Cowichan and Nanaimo Indians, the Cowichans won, after a well-played match, by a score of 2-0.

Results of various sports events are given below:

Girls' race, 8 years and under—1, Geraldine Thorne; 2, Daphne Purvey.

Girls' race, 12 years and under—1, Olga Woodward; 2, Bertha Thorne; 3, C. Dronis.

Girls' race, 14 years and under—1, Woodward; 2, Connie Lomas; 3, Olga Woodward.

Boys' race, 14 years and under—1, H. Herbie; 2, M. Fletcher; 3, E. Campbell.

Boys' race, 16 years and under—1, T. Lundie; 2, S. Clark; 3, W. Hogan.

Men's 100 yards—1, T. Lundie; 2, R. McDonald; 3, D. Thorne.

Men's 200 yards—1, T. Lundie; 2, R. McDonald; 3, D. Joe.

Men's 300 yards—1, T. Lundie; 2, J. Joe; 3, B. Kennett.

Three-legged race—1, R. McDonald and Alec Johnson; 2, A. Joe and J. Joe; 3, A. Canute and S. Merton.

Centipede race—A. Johnston's team; 1, August James team; 2, Old man's race—Johnnie Bear, 1, W. Brennan; 2, Sammy; 3, Hop, step and jump—Freeman Joe (38 ft. 3 in.); 1, A. Joe (38 ft. 5 in.); 2, D. Joe (35 ft. 7 in.); 3, Broad jump—Freeman Joe (18 ft. 7 in.); 1, A. Joe (17 ft. 6 in.); 2, J. Joe (16 ft. 6 in.); 3, High jump—R. McDonald (5 ft.); 1, Solomon and B. Kennett, tie for second.

Pole vault—P. Johnnie (8 ft. 4 in.); 1, Solomon George (8 ft. 2 in.); 2, Pig race—Canute.

MOTHER'S DAY BANQUET HELD

Cumberland Women Fore Mark Occasion With Entertainment

CUMBERLAND, May 19.—The lady Foresters have every reason to feel elated at the success of their first Mother's Day banquet, which was held in the Fraternal Hall on Thursday evening, and attended by a very large number of guests of which each member was responsible for one, this being her mother or friend.

The hall presented a beautiful appearance with the well-laden tables decorated with lovely bouquets of Spring flowers, while overhead streamers of the order's colors, scarlet, green and gold, lent a festive appearance. The same color scheme was carried out in the attractive chandeliers, which cast a soft glow over all.

Chief Ranger Mrs. Elizabeth Bates was the efficient mistress of ceremonies, and was assisted by an energetic committee. After all had partaken of the repast provided, an interesting programme was rendered, when the theme of song and story was "Mother's Day."

Warren F. Smith, Freeborn, Hobbs, E. Brown and Miss Saunders contributed delightful solos with Mrs. Hudson at the piano, while Messdames Bates, E. Brown, Graham and B. Hudson gave readings.

Then followed a happy hour of community singing, impromptu solos by Messdames P. Bond, J. Polter and J. Thomson, and short speeches by many of the guests. Past President Mrs. Strong of Ladysmith, spoke on the aims and objects of the order. A very pretty feature of the evening was the presentation to a number of the order members of boxes of delicious home-made candy. These members were also accorded seats of honor at the banquet, and included Messdames J. Keating, Gibb, Baird, Miller, Fother, Donald, Heape, McLellan, P. Bond and E. L. Saunders. Mrs. Marnden, who is at present a patient in the Cumberland General Hospital, will also be presented with a basket of candy.

PINNED UNDERNEATH OVERTURNED MOTOR

Mrs. Eric Forrester, of Port Alberni, Injured in Crash on Road

NANAIMO, May 18.—While motoring to Nanaimo yesterday Mr. and Mrs. Eric Forrester, of Port Alberni, had their car overturned in the vicinity of Parkville. Both were thrown out and Mrs. Forrester was pinned underneath the car for half an hour. Dr. Proctor, of Nanaimo, and the D. J. Jenkins' ambulance rushed to the scene of the accident and conveyed Mrs. Forrester to the local hospital. She is suffering from shock and internal injuries. From the latest reports Mrs. Forrester was resting quietly.

NEW WAREHOUSE IS BEING ERRECTED

KEATING, May 19.—Work has commenced on the new warehouse for the Keating Co-operative Fruit Growers' Association, which is being built on Keating, Crossroad. The work is in charge of Mr. T. Tubman, and the building will be ready to take care of the season's crop.

Baby Turkeys And Ducklings Arrive Safely

Mr. W. J. Curry, Gibbins Road, Duncan, on Thursday morning received a shipment of five day-old turkeys and one day-old duckling, hatched on Sunday, and shipped by aeroplane a week on Monday morning from Mr. Walter Kenly, Rockhill, Maryland, and were delivered in Duncan 11:30 Thursday morning.

This is the world's record for long distance for shipping of such delicate birds as young turkeys. Both the turkeys and ducklings arrived safely, and are apparently little the worse for their journey of over 3,000 miles.

Mr. Curry is a pioneer in this province in shipping day-old turkeys, having been engaged in this work for the past seven years.

The long distance shipment from Maryland was to stimulate the shipping of baby turkeys, and to prove that they will ship equally as well as other classes of poultry.

Mr. J. R. Terry, poultry commissioner, who is secretary of the B.C. Turkey Club, of which Mr. Curry is a member, says that he is surprised at the safe arrival of the duckling.

MAY 28 TO BE FESTIVE OCCASION

Schools Are Working for Annual Track Day at Courtenay

PORT ALBERNI, May 19.—Wednesday, May 28, is the day set aside for the annual school sports at Courtenay and the public schools at both Alberni and Port Alberni public schools are training hard and regularly. Besides the Alberni district schools there will be seventy-nine other schools from Inspectorate No. Three entered for the prizes, which include eighteen silver cups and 180 medals, special prizes being awarded to one-room, two-room, four-room and small graded schools and large city schools. Competitors are further divided into intermediates, juniors and seniors.

The Department of Education authorizes all schools participating in these sports to close for the day in honor of the event. The meet is under the management of a committee headed by Mr. G. W. Stubbs, of Courtenay, while local entries are being handled by Mr. H. E. Murray.

Few, if any, districts in the province remain unorganized, and the next logical step, according to Mr. Murray, will be the creation of a Provincial Track Competition, to be held at the Provincial Exhibition, where champions of each district will compete for the B.C. titles.

GIVES ADDRESS ON POTATO DISEASES

Professor Newton, of Sidney Experimental Farm, Explains Important Points in Culture

KEATING, May 19.—The South Saanich Farmers' Institute held a well attended meeting in Temperance Hall on Thursday evening, with Mr. W. D. Mitchell presiding. The speaker for the evening was Professor Newton of the Sidney Experimental Farm, whose topic was "Potato Diseases and Their Prevention." The speaker, who covered the subject very clearly, stressed the importance of selecting seed when potatoes are dug and explained many other important points in potato culture.

The winners in the strawberry crop competition, judged recently by H. E. White, provincial horticulturist, and Mr. Hall, of the Experimental Farm, were announced as follows: 1, Mr. W. Holliday; 2, Mr. H. Sherring; 3, W. Bickas & Sons. The prizes will be presented at the July meeting when the other crop competitions will have been judged.

Presentation Is Made to Lecturer

CHEMUNUS, May 19.—Miss Yates, of the Cowichan Health Centre, gave the series of lectures on "Child Welfare" on Wednesday evening. At the conclusion of the address, Mrs. Cook, on behalf of the attending the lectures, presented Miss Yates with a writing case. Miss Yates was delighted with her gift, and returned thanks in a graceful little speech.

Young People's League

DUNCAN, May 19.—In the absence of the pastor, Rev. W. P. Burns, who is attending the United Church Conference in Vancouver, is in charge of the Young People's League.

Gas in Stomach Hurts the Heart

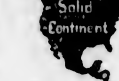

Thousands of Cases of Heart Failure Are Caused by Acute Indigestion, Says Medical Writer

Gas pressure from sour, acid, upset stomach is not only nauseating and highly uncomfortable, but some day it may prove fatal. When your meals are followed by bloating, a feeling of fullness or pressure, acidity—nothing is better than the daily "as needed" use of ordinary Bismarck-Mayer's. It gives almost instant relief. Any food draught can supply Bismarck-Mayer's. In powder or tablet form, at very small cost—but be sure you get Bismarck-Mayer's—recommended by doctors and druggists throughout the civilized world for more than fifteen years.

LADYSMITH TENNIS CLUB OPENS SEASON

Interclub Tournament Is Played—Chemunus Players Are Visitors

LADYSMITH, May 18.—Under cloudy skies ideal for the day's play, Ladysmith Tennis Club's courts were the scene of the first interclub tournament games held here this season.

Chemunus Club were the visitors and displayed some seasoned talent to finish on the long end of a good score. Out of a total of 282 games in doubles and mixed doubles, Chemunus secured 165 points to Ladysmith's 87.

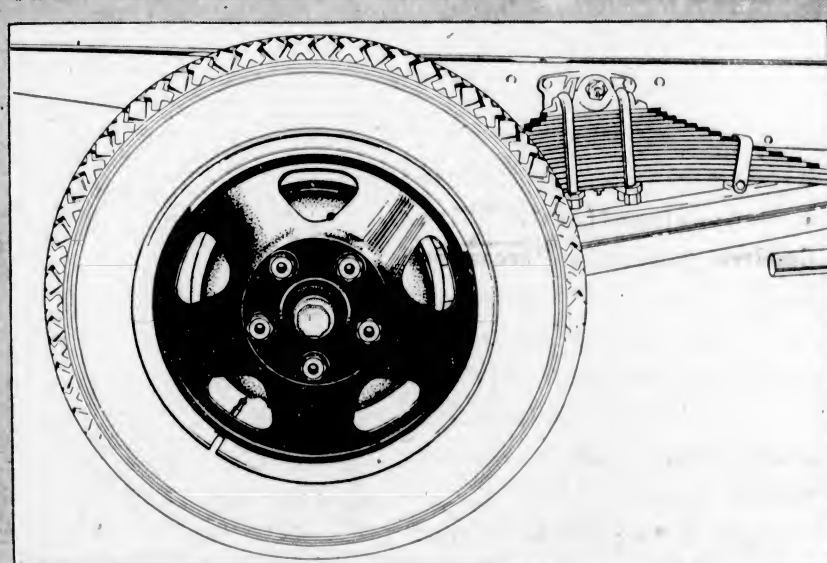

Tea was served in the club pavilion during the games. The Chemunus players were: Mr. A. Howe, Mr. T. McEwan, Mr. E. English, Mr. H. James, Mr. D. Cree, Mr. A. Stonier, Miss Dwyer, Miss E. Fraser, Miss C. Fraser and Mrs. E. English.

Representing the Ladysmith Club were: Mr. J. Gourley, Mr. D. Sharpe, Mr. A. Thompson, Mr. E. McDonald, Mr. D. Inkster, Mr. G. Barratt, Miss Robinson, Miss Clarkson, Miss F. Dunlop and Miss Bowring.

COURTENAY, May 19.—Several sales have been made of lots at Kye Bay to residents of Courtenay, who are looking forward to the Summer holidays.

New features increase the value of the FORD TRUCK

OPEN-CONSTRUCTION STEEL DISC WHEELS

AN ESPECIALLY valuable feature of the Ford 1½-ton truck is the new wheel equipment. Open-construction steel disc wheels are used. They are exceedingly strong, and the openings allow air to circulate freely around the brake drums to cool them. Dual rear wheels are available at small additional cost. Balloon tires of one size are used throughout with the dual equipment, so that all six wheels and tires are interchangeable all around. Only one spare need be carried.

Brakes on the front wheels have been enlarged to the same size as those on the rear, providing increased braking area and a high degree of safety. Brakes are of the mechanical type, internal expanding, and all are fully enclosed against water and grit. Brake-roads assure positive action. Controls have been redesigned, and operate with greater efficiency. A simple and effective adjustment is provided on each wheel.

Other new features, adding to strength, reliability and performance, are the new three-quarter floating rear axle, which has a spiral bevel gear of special design; the new front axle and spring, which are heavier and stronger, as are front radius-rod, wheel bearings, thrust bearings and king-pins; the torque-tube drive, which relieves rear springs of all but their normal function of absorbing shocks; the 4-speed transmission, which gives a wide, flexible range of speed and power; and the large-sized opening provided in the transmission for power take-off mounting, for use with hoists and other equipment.

The Ford truck is available in three distinct types—a speedy truck with a 5.14 axle for light loads, a standard 1½-ton truck with a 6.6 axle for general haulage, and a heavy-duty 1½-ton truck with 6.6 axle and auxiliary transmission.

"THE CANADIAN TRUCK"

LARGER BRAKES, CONTROLLED BY BRAKE-RODS

JONES SETS COURSE RECORD IN GOLD VASE GOLF

Leonard Says Jack Sharkey Has More Punches Than Max

Retired Lightweight Champ Declares Boston Gob Seldom Wastes Blow and Knows Finer Points of Game Better Than German

By KENNY LEONARD
Retired Undeclared Lightweight Champion of the World.

SHARKEY CAMP, ORANGEBURG, N.Y., May 19.—Jack Sharkey has just completed three rounds of boxing with two sparring partners, and though one at that, Jack boxes one round with Johnny Grosso, one with King Solomon, and the last one with Grosso again.

"The big boy looks good, mighty good. He has a little extra weight around his waist, but not too much for him at the rate of speed and the vigor of his work. Sharkey works much harder than does Max Schmeling. He boxes better, for he knows more of what Gene Tunney calls the 'finer points of scientific boxing'."

Sharkey has a greater variety of punches than Schmeling. Not "fancy" punches that are useless, mind you, but real wallopers that hurt and stun and damage. He slings them with a better style, too.

Jack came out shadow-boxing when he emerged from the dressing-room right off the indoor gym. He danced lightly about, shooting the short jabs and making the feints that comprise this phase of loosening up. It takes a good boxer to look good while shadow-boxing, and Sharkey is one that looks good. Most of the heavyweights of today are jokes when it comes to shadow-boxing.

DECEPTIVE LEFT HOOK. In the first round of sparring, Sharkey showed a deceptive left hook to the body which Grosso, who has improved a great deal, found impossible to avoid. The blow had plenty of steam behind it, too, and it hurt Johnny. He told me so afterward.

Sharkey put it over coming in with a weaving shift, feinting with both hands. The left feinted, but was kept poised in position to drop in at any instant. Then the right started over with a snappy jab only to stop suddenly as the Sharkey left banged in against the ribs.

Jack used the same blow to the jaw, but he was more accurate and effective with it when he shot it to the body. He was shooting a great right to the jaw, and with this punch he did considerable execution to King Solomon.

The King is a bit out of shape yet, but he is a smart, foxy fellow. When he came out of the ring after his round with Sharkey, Solomon grinned at me and said:

"Just another worn-out has-been, eh, Benny?"

One of the boys answered: "Well, you were boxing with the heavyweight champion of the world."

The heavy-breathing King Solomon turned to the speaker and said earnestly:

"That's right, he's the champion. He hurts like a champion."

Stars of Old Have Counterparts Today

By AL DEMAREE
(Former Pitcher, New York Giants)

Many of the modern star ball players are counterparts of old-timers of two or three decades ago. Take Jimmy Foxx, of the A's, for instance. He is a dead ringer to me of Roger Bresnahan, the Giant catcher and lead-off of other days.

Foxx is an acceptable catcher and had played third base for Connie Mack before he finally found himself on the initial sack.

Bresnahan broke in with the New York Club as a third baseman and finally became one of the greatest, if not the greatest, catcher of all time.

McGraw gives him that honor. Ray Schalk, formerly of the White Sox, and Gordon Cochrane, of the present A's, are his only rivals for the distinction.

Foxx is an all-round ball player who could play any position, outside of possibly pitching, and so could Bresnahan.

Roger, although a catcher, was one of the best base runners on the Giant Club and led off in the batting order.

What players of today remind you of stars of ten, twenty or thirty years ago, fans? There would be some interesting comparisons. Write and give me your views.

GOB CUTS LOOSE

In the final round of boxing with Grosso, Sharkey for an instant cut loose when Johnny shot a rather low one to the body. Then Jack lashed out wickedly with that right, and it spun Grosso around so Johnny slipped to his knees. Sharkey controlled himself and, grabbing Grosso by the elbows, helped him upright.

A little later he clouted that left to the head and sent Johnny against the ropes. It was rather impressive, this workout, short as it was. Jack wound up with a couple of rounds of shadow-boxing and a round on the light bag.

Later, sitting with Jack and Mrs. Sharkey while they ate dinner, I sipped tea and talked with them. Mrs. Sharkey is a woman who is described best by the word "lovely," and she gives an entirely different picture of her husband than is the general one.

"Jack is a family man," said Mrs. Sharkey, "one who thinks only of his children and his home. I should think that kind of man would be immensely popular."

"I have heard it said, since Jack began training for this fight, that he is not popular in Binghamton. Well, I happen to know that my husband is popular with the people who know him in Binghamton, and two of them are his mother and father. Why don't people who are saying my Jack is not popular interview some of the people who really know him?"

Jack is a family man, said Mrs. Sharkey, "one who thinks only of his children and his home. I should think that kind of man would be immensely popular."

Not swollen-headed. Sharkey really is not the "terrible swell-head" he has been painted in some quarters. It is natural for a champion to have confidence in himself. That's one of the characteristics of champions in any line. The thing about Sharkey is that he blurs out just what he thinks. He doesn't try to "con" or jolly anybody. He thinks he can lick anybody in the world and he says so.

Other champions think the same thing about themselves, but they are polite enough to put on a pass of modesty. I'll confess, now, that I always thought I could lick any man my weight in the world.

I think it was George Bernard Shaw who said, while lecturing, "I am a very intellectual man. Don't cough," he admonished, when he heard a snicker in his audience, "for I am intellectual. I'll confess, now, that I admit it. I don't know the butcher tell you he sells the best meat?"

Doesn't the baker tell you he sells the best bread? Well, then, why shouldn't I boast my product?"

I don't know whether the distinguished intellectual spoke in each of those words, but that was the idea.

And so it is with Sharkey. It isn't "swell-headedness" in Jack; it's merely confidence which he doesn't take the trouble to hide.

That's the man who is going to fight Max Schmeling in the Yankee Stadium on June 12 for the highest prize in athletics.

SEMI-REACHED IN TITLE EVENT

A. S. G. Mungrave, A. M. Watson, Hew Patterson and Art Bradley to Battle for Golf Club Title

A. S. G. Mungrave, A. M. Watson, Hew Patterson and Art Bradley, defending champions, will meet next Sunday in the semi-finals for the Victoria Golf Club championship as a result of their victories in the second round played Sunday at the Oak Bay links.

Bradley had a narrow escape in his quarter-final match, but managed to come through to victory over the veteran, A. V. Macan, one up. Watson, a former city champion, put out Dick Wilson, 4 and 3, while Mungrave accounted for K. C. Allen, the medalist, 2 and 1. Hew Patterson, the medalist, 2 and 1. Hew Patterson, the medalist, 2 and 1.

The complete results follow:

CHAMPIONSHIP FLIGHT
Second Round
A. S. G. Mungrave defeated K. C. Allen, 2 and 1.
A. M. Watson defeated R. B. Wilson, 3 and 2.
Hew Patterson defeated A. V. Macan, 1 up.
Art Bradley defeated A. V. Macan, 1 up.

FIRST FLIGHT
Second Round
A. H. Ford defeated S. A. Haynes, 2 and 1.
K. M. Raymer and J. E. Wilson to play.

SECOND FLIGHT
Second Round
R. H. Swinerton defeated H. E. Haynes at nineteenth.
H. P. Hepburn defeated Des Barrett, 2 and 1.

THIRD FLIGHT
Third Round
Capt. Merston defeated L. S. V. 1 up.
W. P. Unsworth and R. G. Christy to play.

Football Meeting
Important meetings of the Victoria West and Maple Leaf football teams will be held at the manager's residence at 7:30 o'clock tonight.

Local Football Clubs to Play In Cup Matches

THREE local soccer teams will be engaged in the Connaught Cup series, Saturday, as follows: Wallace vs. Victoria West, at Vancouver; New Westminster Royals vs. Jokers, at Vancouver; and St. Saviour's vs. Saanich Thistles, at the Royal Athletic Park, here. The Thistles-St. Saviour's match is being played as part of the Maytime Celebration and will start at 11 o'clock in the morning.

VICTORIA WINS OPENING GAME IN TENNIS LOOP

Defeat Kingston Street Club 8-7 in Great Battle—Winners Take Odd Match in Doubles

NINE MATCHES GO EXTRA SETS

Playing in the opening match of the Vancouver Island Tennis League, Victoria defeated Kingston Street, 8-7, in a hard-fought battle.

The winners gained their victory by taking two of the three doubles matches. The strength of the teams was fairly even with nine of the fifteen matches going the extra set before the winners were declared.

After dropping the first set, 2-6, Lieut.-Commander Edwards, Ross Hocking came back strong and won the next two sets and the match with scores of 6-3, 7-5.

Gerald Cunningham, another member of Kingston Street, tasted a 4-6 defeat in his first set against Marsh Gordon, of Victoria Club, only to rally and take the next two by scores of 6-2, 5-2.

Victoria secured their first victory when Don Campbell defeated Steve Jones in straight sets, the scores being 6-4, 6-3.

Bob Schwengers was the second Kingston Street player to go down to defeat when he lost to Archie Fairbairn, 6-3, 6-2.

Once again the teams were deadlocked when Tommy Forbes went down to defeat at the hands of Paul Phillips by scores of 7-5, 6-4.

THREE-POINT LEAD
Victories by Ross Hocking and Gerald Cunningham over Marsh Gordon and Lieut.-Commander Edwards respectively, gave Kingston Street a two-point lead. Steve Jones made the margin of lead three points when he defeated Archie Fairbairn in a stiff three-set battle.

Don Campbell, Paul Phillips and Hugo Raymond all checked in with wins for Victoria to again set the teams on even terms.

In the doubles, Hocking and Cunningham won by default from Edwards and Gordon, when the Edwards suffered a cramp, while Schwengers and Jones went down to defeat at the hands of Fairbairn and Campbell. Victoria finally gained their victory when Raymond and Phillips defeated Barnes and Forbes after a stiff three-set match.

The scores, with the Kingston Street players first named, follow:

SINGLES
Ross Hocking beat Lieut.-Commander Edwards, 2-6, 7-5.
Gerald Cunningham beat Marsh Gordon, 4-6, 6-2.
Steve Jones lost to Don Campbell, 6-4, 6-3.
Bob Schwengers lost to Archie Fairbairn, 3-6, 6-3, 6-3.
Bert Barnes beat Hugo Raymond, 6-2, 11-9.
Tommy Forbes lost to Paul Phillips, 7-5, 6-4.
Ross Hocking beat Marsh Gordon, 2-6, 6-4, 6-3.
Gerald Cunningham beat Lieut.-Commander Edwards, 2-6, 6-4, 6-3.
Steve Jones beat Archie Fairbairn, 5-7, 6-4, 6-1.
Tommy Forbes lost to Don Campbell, 6-2, 6-1.
Bert Barnes lost to Paul Phillips, 10-8, 6-4.
Tommy Forbes lost to Hugo Raymond, 7-5, 4-6, 6-4.

DOUBLES
Hocking and Cunningham won from Edwards and Gordon by default.
Schwengers and Jones lost to Fairbairn and Campbell, 1-6, 6-4, 6-2.
Barnes and Forbes lost to Raymond and Phillips, 9-7, 2-6, 6-2.

Over \$580,000 Wagered on Big Kentucky Derby

LOUISVILLE, Ky., May 19.—In a copyrighted story The Louisville Courier-Journal says that \$583,384 was bet in the pari-mutuel machine on the Kentucky Derby at Churchill Downs, Saturday, and that the total betting on all seven races was \$1,641,940.

The totals were computed by an accountant from the figures posted at the track, and indicate that the betting both on the Derby and on all seven races was somewhat lighter than in the previous five years. Totals for previous years, Derby betting and seven races are:

1929, \$678,196, \$1,784,440; 1928, \$620,793, \$1,865,200; 1927, \$676,483, \$1,934,262; 1926, \$694,956, \$2,098,701.

BELIEVE IT OR NOT

By Ripley

EXPLANATION FOR SUNDAY'S RIPLEY CARTOON
The Building Shipped by Mail—The Bank of Vernal, in Uintah Basin, Utah, was constructed of brick shipped from the plant piecemeal by parcel post. The town is situated sixty-five miles, across two mountain ranges, from the nearest railroad, and by some curious combination of circumstances, it was found that, while the cost of shipping the brick by freight was prohibitive, it was much more reasonable to ship each brick wrapped in paper by parcel post.

Miss Corona Remington—Miss Remington's nickname, she informs me, is "Typey." The statement about her matrimonial exactions is based upon her own humorous suggestion. She lives at 1217 West Clinch Avenue, Knoxville, Tenn.

H. Brynjolfson Defeats Morrison in Club Meet

Last Year's Runner-Up for Uplands Golf Club Title Wins From Defending Champ at 19th—Challoner Reaches Finals

Bob Morrison's march towards his third straight Uplands Golf Club championship came to an abrupt halt Sunday when Harold Brynjolfson, last year's runner-up, played brilliantly to win from the defending champion at the nineteenth hole.

The passing of Morrison from fourth to last place was a dramatic scene. Brynjolfson, who had been in the lead since the start, and gained a three-hole lead as the pair reached the seventh green.

On the seventh Morrison over-pulled and laid himself a dead end. The ex-champion reeled off some fine golf on the incoming route, and squared the match on the fourteenth by sinking his approach.

The fifteenth, sixteenth, seventeenth and eighteenth holes were halved, and the pair started for the nineteenth.

Morrison met his Waterloo on the first extra hole, which his opponent played steadily to win. Brynjolfson was in trouble plenty of times during the match, but his recovery shots saved the day for him.

In his victory, the winner will meet R. L. "Bert" Challoner next Sunday over the thirty-six-hole route for the championship.

Challoner worked his way to the final by scoring fine victories over Brynjolfson and A. C. Falk, 1 up and 4 and 2 respectively. In the morning round, Morrison defeated H. G. MacKenzie, and Brynjolfson put out H. G. English.

Jack Savident and C. N. Westwood will fight it out for the first flight honors by virtue of their wins on Sunday.

THE RESULTS
The complete results follow:

CHAMPIONSHIP FLIGHT
Second Round
R. Morrison defeated H. G. MacKenzie, 6 and 4.
H. Brynjolfson defeated H. O. English, 6 and 5.
R. L. Challoner defeated W. Pomeroy, 1 up.
A. C. Falk defeated George Pretty, 4 and 3.

CHAMPIONSHIP FLIGHT
Semi-Final
H. Brynjolfson defeated R. Morrison at nineteenth.
R. L. Challoner defeated A. C. Falk, 4 and 2.

FIRST FLIGHT
Second Round
J. Savident defeated Walter Newcombe, 1 up.
Jack McVie defeated A. Craig, Jr., 6 and 4.
F. C. Dillabough defeated J. A. Oddy, 4 and 3.
C. N. Westwood defeated W. H. Newcombe, 2 and 1.

FIRST FLIGHT
Semi-Final
J. Savident defeated Jack McVie, 1 up at nineteenth.
C. N. Westwood defeated F. C. Dillabough, 4 and 3.

SECOND FLIGHT
Semi-Final
D. A. Macdonald defeated H. Means, 1 up.

U.S. Open Champion Noses Out English Rival by One Stroke

Jones Cuts Loose With Brilliant 68 in Final Round for Total of 143 to Win From Hon. W. G. Brownlow—Prince of Wales in Gallery

SUNNINGDALE, England, May 19.—The Hon. W. G. Brownlow, son of Lord Lurgan, gave the United States Open champion, Bobby Jones, a stiff battle for the gold vase of Golf Illustrated today and was nosed out by only one point in the 36-hole medal competition.

A big field of amateurs took part. The son of Lord Lurgan made a 68 in the morning and a 75 in the afternoon, while Jones, a stiff battle for the gold vase of Golf Illustrated today and was nosed out by only one point in the 36-hole medal competition.

The record for the newly-constructed Sunningdale course was twice broken during the day. Brownlow's 68 set a new mark in the first round and Jones shaved it by a stroke a few hours later.

PICTURESQUE FIGURE
Brownlow is one of the most picturesque figures in British golf. A tall, smiling youth, he appears on the links dressed in ordinary street clothes and wearing gloves. He never seems to be participating in a match except when he walks over to his caddy and takes a club. He then makes his shot, returns the club to the caddy and walks on.

His effective style seemed to have given him the coveted amateur trophy when Jones suddenly snatched his stride and began to contribute threes and fours with only an occasional five.

He went out in 33 in the afternoon, missing a short putt at the sixth and taking a four at the par three ninth, where his tee shot was pulled into the rough, his second also was in the rough and he had to make a great shot to get his four when a five seemed more likely. At the tenth his tee shot was

bunkered and his second in the rough and he took five.

At the short thirteenth his tee shot was twelve feet from the cup and he took three putts to get down, when a birdie two was a possibility, he missed the long putt and had a three-footer left.

Just in front of Jones, Brownlow took his unhurried way, playing the first fifteen holes in even four. At the sixteenth his game weakened and he finished with three fives for 75.

REMARKABLE RECOVERY
At the seventeenth came a shot bringing rare golfing drama. Jones' drive failed to bend with the wind as he expected and the ball landed under some tall pines. The American champion had a choice of playing safe and sacrificing a shot to get back on the fairway or playing through a narrow opening between the trees.

He elected to travel the latter route. He played a straight faced iron and sent the ball on the green, where it stopped five feet from the pin after it seemed about to drop into the cup. Jones got his par four and now needed only a five at the home hole. This he took.

Miss Diana Fishwick, women's champion of Great Britain, presented the trophy.

The Prince of Wales and his brother, the Duke of York and the Duke of Gloucester and Prince George, were in the gallery today. Among the low scores were:

Robert T. Jones, Jr., Atlanta, 75—68—143.
Hon. W. G. Brownlow, Addington, 69—75—144.
George Voigt, New York, 72—74—145.
George Von Elm, Detroit, 73—74—147.
D. H. Kyle, Sunningdale, 74—75—149.
Dr. O. F. Willing, Portland, Ore., 72—80—152.

THE CARD
Jones' recording-breaking card follows:
Out --- 43 345 334—33
In --- 334 445 35—68—75—143

GOLD BROOK WINS WOODSTOCK PLATE

TORONTO, May 19.—Two horses which started in the Preakness Stakes at Pimlico were in the lead at the Woodstock course this afternoon as the Woodstock Plate came to a finish. Gold Brook, a Horse stable entry, won by three-quarters of a length from the Seagram horse, Sweet Sentiment. Both had run at Pimlico.

The race, like all but one of the others this afternoon, had a close affair between favorites. The prices paid were low, Gold Brook's win bringing \$3.20, and Sweet Sentiment earning \$2.75 for place.

The Woodstock Plate was worth \$5,000 added. It was run off in a heavy rain and the track has seldom been more slippery.

FAVORITES ADVANCE IN NET SERIES

Great Britain, Australia, Japan and Italy Still in Running in European Zone

JAPAN FAVORED TO REACH FINALS

NEW YORK, May 19.—Play in the European zone of Davis Cup competition has reached the quarter final round with four favorites, Great Britain, Italy, Japan and Australia, still in the running. One of the quarterfinals, however, will fall in the next round for Great Britain and Australia are to meet, Japan meets Spain, Italy clashes with Austria, and Holland faces Czechoslovakia in the other quarterfinal round pairings.

The tie between Great Britain and Australia should furnish the closest competition of the third round. The Britons eliminated Germany 3-2 in their first round series, and then swept through Poland at 5-0 in the second with H. W. Austin's place taken by Nigel Sharpe. Australia's fine team won its first two tests against Switzerland and Ireland without losing a match, and is certain to give Britain a bitter battle.

JAPAN FAVORED
Japan and Italy should reach the semi-finals without trouble, and Holland's ace, Hans Timmer, and A. Diemer Kool, may prove too much for Czechoslovakia's team, which had to win the last two

Kilmarnock XI Wins Exhibition At Montreal, 3-1

MONTREAL, May 19.—Playing in a deluge of rain, Kilmarnock soccer team of the First Division, Scottish League, which arrived here yesterday to commence a Canadian tour, defeated Carleton Place, a local club, 3 to 0, this afternoon.

singles matches yesterday to eliminate Denmark, 3-2.

Japan, in the upper half of the draw, seems certain to reach the finals of European zone play, after Spain they meet only Holland or Czechoslovakia, neither of which looks formidable enough to cope with Takeichi Harada, Tamio Abe and Yoshiro Ohno. Italy, if it defeats Austria as expected, will meet the winner of the Great Britain-Australia tie.

Here's how the eight survivors reached the quarterfinals: Great Britain, 5; Poland, 0. Australia, 3; Ireland, 0. Italy, 5; Egypt, 4. Austria, 5; Norway, 0. Japan, 3; India, 0. Spain, 3; India, 0. Czechoslovakia, 4; Denmark, 2. In the American zone, the United States already has beaten Canada 5-0, and needs only to conquer Mexico to win the zone championship.

REGATTA CREWS ARE SELECTED

J.B.A.A. Names Oarsmen for Club Races at the Gorge on May 24—Keen Competition Expected

Crews for the J.B.A.A. Club regatta at the Gorge, next Saturday, have been finally named, following a number of hard training sessions under the watchful eyes of Coaches Dan O'Sullivan, Jack Crane and Dan Moses.

While the feature of the programme will be the senior races, keen interest is being taken in the tuck weight events. The first race will start at 2:15 o'clock, when O'Sullivan as starter, Arthur Cox as referee, C. Malladine and K. T. Hughes as stewards, and T. D. Roberts and C. Bull as finishing judges. In the senior fours, the feature race on the programme, a boat carrying Rex Askey, Noel Jones, Len Backler and Jack Dunn, will compete against a shell with Dan Moses, Al Wright, Jack Crane and MacLachlan, the club's regular representatives in this class.

Heron and Al Wright will oppose Art Speed and Francis in the senior doubles, which promises to be interesting, while in the senior singles Speed will meet Don Moses. In the tuck weight events, Scott will stroke a crew composed of Stancil, Bain and Webster against Cole, Tyrer, Hall and Wratton. The doubles in this division, Stancil and Webster, Randall and Wratton and King and Woods, will draw lots to decide which crew shall row off on May 23 for the right to meet the bye crew in the final the next day.

The novice events are arousing a great deal of interest, and indications point to a very successful regatta. All races will be rowed over the course from the C.N.R. bridge to the clubhouse at the Gorge.

USE OF STARTING BLOCKS REJECTED

George Simpson's Time for 100-Yard Dash Will Not Be Recognized as Record

BERLIN, May 19.—The records committee of the Amateur Athletic Federation today recommended rejection of the American proposal to recognize sprint records made with the use of starting blocks. This action forecast disapproval of the mark of 9.2-3 seconds for 100 yards by George Simpson, of Ohio State, as a world's record.

Simpson's "nine-two" hundred, turned in at Chicago on June 8, 1929, was accepted by the Amateur Athletic Union at its convention last year on the condition that starting blocks be approved by the International Federation. Similar action was taken on a record of 22.4-5 seconds for the 220-yard low hurdles, which was made by Dick Rockway, also of Ohio State, May 28, 1929, at Evanston, Ill., both marks having been made with starting blocks.

ROBERTO ROBERTI GAINS DECISIONS

LUCCA, Italy, May 19.—Larry Gains, Canadian negro heavyweight boxer, last night won a decision over Roberto Roberti, Italian heavyweight champion, in a ten-round bout here.

In the fight, which was staged in the Lucca open air stadium, Gains won nine of the ten rounds. The other round was declared a tie.

IS SATISFIED NOW

CHICAGO, May 19.—Mr. Frank Tuttle shot himself in the neck last night—without a gun.

There is no catch to this. He did it while in his room at a hotel. He will recover.

He tells about it: "I held a pistol cartridge in a spoon over a gas jet. I wanted to see if the heat would explode it." It did.

CITY SOFTBALL

Owing to the inclemency of the weather, the game scheduled to be played last night in the Victoria and District Softball League, were postponed until tomorrow evening.

Friday's fixture between the New Method Laundry and Beavers in the "D" Section has been postponed until next Wednesday evening at 8:30 o'clock at the Oak Bay Park. Tomorrow's night fixtures are as follows:

Thacker & Holt vs. McDowell & Mann, Central Park, upper diamond. Umpire, E. Block.

Navy "B" vs. J.B.A.A. Canteen grounds. Umpire, R. Butler.

Oak Bay vs. Western Steel, Oak Bay Park. Umpire, Bob Whyte.

Aymond Drew Small Price At Auction

TORONTO, Ont., May 19.—Aymond, winner of the seventy-first running of the King's Plate, was bought by his owner, R. H. New, at a cost of \$1,028 at the Frank O'Connor dispersal sale last year. He might have been purchased at less cost if it had not been for a misunderstanding between High Wilson and Trainer Jack Hutton, both acting for Mr. New, causing them to bid against each other for possession of the horse. Mr. New's offer was \$1,000, but he does not grudge the extra twenty-five.

ENGLISH DOUBLES TEAM ADVANCES

Gregory and Collins Reach Third Round in French Tournament—Tilden and Coen Move Up

ATRUILL, France, May 19.—Bill Tilden and Wilbur Coen advanced today as the French hard court tennis championships opened at the Roland Garros Stadium. The day was devoted entirely to doubles—men's, women's and mixed.

With the aid of the first round bye and a second round victory over the Frenchmen, Pierre Albarin and Alain Gerbault, at 6-0, 6-3, 7-3, they reached the third round. Keeping pace with Tilden and Coen, the strong English team of J. Colin Gregory and Ian G. Collins, and the French combination of Henri Gochet and Jacques Brugnon, also reached the third round at the expense of Nicolas Mitsu, Rumania, and Raoul Gallepe, Monte Carlo.

HANSON WINS FROM FREBERG

Seattle Wrestler Nails Chicagoan to Mat for Only Fall of Bout in Sixth

SEATTLE, May 19.—Charles Hanson, Seattle, scored a one-fall decision over John Freberg, Chicagoan, in an eight-round wrestling match here tonight. Hanson nailed Freberg with a body slam in the sixth stanza.

It was a return match for the grapplers, Freberg having won from Hanson here two weeks ago. The Chicagoan was holding the heavyweight title until the Seattle heavyweight picked Freberg up and slammed him to the mat in the sixth.

The lower rope of the ring was broken in the fifth round when Freberg threw Hanson against it. Chief Wagoner, Portland, light heavyweight, won over Kara Pascha, of Seattle, and Ted Lange, of Seattle, defeated Sam Prodes, Portland light-heavyweight, in the preliminaries.

JACK DEMPSEY'S MANAGER DIES

Leo P. Flynn Passes Away After Brief Illness Was One of Shrewdest Pilots in Game

NEW YORK, May 19.—Leo P. Flynn, one of boxing's most picturesque characters, died of pneumonia at his home here today after an illness of less than a week. He would have been fifty-one years old on June 1.

At one time Flynn had under his wing as many as thirty boxers. Flynn was one of the most successful matchmakers the late Tex Rickard ever had at the old Garden, promoting a number of flistic fights, won over Kara Pascha, of Seattle, and Ted Lange, of Seattle, defeated Sam Prodes, Portland light-heavyweight, in the preliminaries.

A's Catcher to Be Out of Game For Two Weeks

PHILADELPHIA, May 19.—The X-ray pictures developed today revealed a chipped bone in Mickey Ochrane's right ankle, and the Athletics' peppy backstop will be out of the game for two weeks.

Ochrane injured the ankle Friday sliding into third base.

Marooned On Summit of Pike's Peak

COLORADO SPRINGS, Colo., May 19.—Marooned on the summit of Pike's Peak by one of the heaviest snowfalls in May in years, five men tonight were awaiting the opening of the cog railroad for their return here.

They were in need of food, water and fuel.

The quintette is living in the summit house, but lack of candles or electric light keeps them in darkness as snow covers the windows of the building. Their plight was telephoned to the railway station at Manitou today.

Automobile Driver Charged Following Collision With Car

When his car collided with a northbound street car on Government Street, at the Causeway, at 9 o'clock last night, Alex George, Indian, Kokishah, sustained bruises and cuts to his hips and left leg.

The injured man was rushed to St. Joseph's Hospital by a passerby and attended by Dr. E. W. Boak.

According to the police report of the accident, George was proceeding south on Government Street when he crashed into the street car, proceeding in the opposite direction.

Police investigation later resulted in George being detained at police headquarters.

LOCAL HORSES TRAINING FOR B.C. FUTURITY

"Babe" Harris, Well-Known Canadian and U.S. Turf Agent, Working Out Several Prospects

JOCKEY CRAIGMYLE SECURED FOR EVENT

In a fine location just off the Gorge Road, "Babe" Harris, well-known commission agent of the Canadian and United States turf, has established one of the best brood farms in Western Canada. On this farm, Harris is training some of his prospects for the British Columbia Futurity, which will be held in the near future on the Mainland.

Having secured a few mares to form a nucleus of a farm, Harris immediately obtained a fine horse to nominate the king. After considerable searching, he found a favorite in Firm Friend, a gallant son of Prior Rock, who in turn, was the son of the famous Rock Sand, triple crown winner in England, including the Derby.

At the present time, Harris has also advanced two yearlings in training at the Willows, which are expected to be contenders for the first British Columbia Futurity, to be held at Vancouver on July 28.

If time, money and energy have anything to do with the bringing of the laurels to the Capital City, then Victorians may safely say that the winning of this race may produce a King's Plate winner.

In an effort to secure first place in the great provincial race, Harris has secured the services of Johnny "Scotty" Craigmyle, one of the greatest riders in America. Craigmyle was born in Victoria and learned the game at the Willows race track. Jockey Craigmyle has received permission to ride the Willows on May 24 in the exhibition races.

S. M. Saunders Heads Nanaimo Hunt Club

NANAIMO, May 19.—At a meeting of the Nanaimo Hunt and Riding Club, held at the clubhouse of the Nanaimo Golf and Country Club, the following officers were elected for the ensuing year:

President, Shelby M. Saunders; vice-president, Bob Munro; secretary, treasurer, Mrs. Edna Dow; board of management, Lionel Beaver-Potts, Roy Sargent, Arthur Leighton, Miss Helen Dalley, Mrs. Betts Burchett.

A membership committee was also elected: W. W. Mitchell, Andrew Smillie, Miss Thiorpe, Mrs. Saunders. Club by-laws were finally drawn up and adopted and other club business disposed of.

Now is the time to get your Buildings erected

There are decided advantages in undertaking building construction now. Prompt deliveries of materials at very favorable prices can be obtained and capable Canadian workmen are available for the job.

Giving men work now will do twice the good it may do a year hence. Canada's favorable outlook well justifies provision being made now for expansion in the near future.

Our own new Head Office building, containing 250,000 feet of floor space is making excellent progress. Over 2,400 tons of steel structure, on 8 floors, were erected in 4 weeks, which constitutes a new record in Canada. Concrete is being poured at the rate of a floor a week.

Now is the time to build.

The Canada Life Assurance Company

GREGORY, COLLINS SCORE FINE WIN

English Doubles Team Defeat Cochet and Brugnon—France Captures Tournament

PARIS, May 19.—France defeated England, eight matches to seven, in their two-day inter-country tennis tournament concluded yesterday.

France had taken five of the first nine matches, Saturday, and broke even in six matches yesterday, to retain its advantage of one match. Jean Borotra, defeated H. W. (Bunny) Austin, of England, 6-4, 6-8, 7-5, and Jacques Brugnon conquered H. G. N. Lee, 6-4, 4-6, 6-4, but the British evened the singles score when J. C. Gregory defeated Pierre Landry, 6-4, 4-6, 6-2, and Nigel Sharpe whipped Antoine Gentien, 6-3, 2-6, 6-4.

The two doubles matches were evenly divided, but French fans looked on in amazement as the highly touted French pair of Cochet and

Rep Footballers To Play Practice Match Tomorrow

Victoria's picked soccer team, named to meet the Glasgow Rangers here on June 9, will play a practice match with the Saanich Thistles at Beacon Hill tomorrow evening at 6:30 o'clock. The following players are asked to turn out: Farquhar, Margison, Plummer, Harper, McBay, Boyd, Stewart, Martin, Phillips, Peers, John Watt, Hallinan, Wasland and Mulcahy.

Thursday evening at 6:30 o'clock Victoria West and the Jokers will play a practice match at Beacon Hill.

FULMER CAPTURES MACAULAY MEDAL

In the men's medal competition played at the Macaulay Point Golf Club Sunday, G. Fulmer was the victor with a gross score of 85, which his handicap of 24 reduced to a net 61. Willard Willis finished second with a net score of 65.

Punishment-proof!

New Razor protected by reinforced corners

THOUSANDS of men are blessing their New Gillette Razor for its wealth of new comfort, speed and smoothness, but most of all for its protection against hard knocks.

When you dropped your old Gillette, the slightest dent was enough to throw the blade out of alignment and cause the razor to "pull." Now all that is banished forever by the sturdy reinforced corners of the new cap and the cut-out corners of the New Gillette Blade. Punishment-proof—that's what the New Gillette really is!

A big advantage? Yes. But that is only one of many big improvements—no more wiping; no more taking razor apart to dry the rust-resisting blade; new channel guard; longer, bent-back teeth—all these and many others are yours for only \$1.00 at your dealers in the gold-plated New Gillette Razor in a handsome case, with one New Gillette Blade.

See your dealer on your way home tonight.

BERRIES SHOULD APPEAR SHORTLY

Prospects Are Not Good for Abundant Crop of Strawberries This Year

The horticultural branch, Provincial Department of Agriculture, issues the following report with regard to District No. 1:

VANCOUVER AND GULF ISLANDS.—Pine, bright, warm weather has prevailed for the last few days. Soil moisture conditions have been excellent up to last week, probably better than they have been at this time of year for some years past. However, if a continued dry spell prevails for a week or ten days, moisture conditions may easily become below normal.

The devastating frosts during the period of May 3 to 7, were a distinct blow to strawberry growers, and some will suffer a very heavy financial loss. Strawberries were the worst affected, but black currants and gooseberries also suffered. Loganberries, blackberries and raspberries were practically uninjured. Tree fruits may have been injured to a certain extent, but it is too early to make any definite estimates. Strawberry plantations are

in the poorest condition which they have been in for a number of years. Drouth last fall prevented normal growth and the plants went into the winter in a weak condition. Severe weather in January caused some heavy root injury. Now spring frosts have further depleted the prospective light crop. Strawberries are just past full bloom. The season is about a week to ten days ahead of last year. "Strawling" has commenced in some strawberry plantations, and the first berries should be on the market the last week in May. Loganberries, on the other hand, are in better shape than they were a year ago. Production may not be equal to the large 1929 crop, but will exceed the small 1928 crop. Loganberries are well in bloom, but no flowers are yet showing. Whereas in 1929 the loganberry crop was being harvested before the strawberries were over, it appears that this year there will be a distinct gap between the two crops. Blackberries and raspberries will be about a normal crop. Black currants, which were a very healthy bloom at the time of the frosts last week, appear to have suffered considerably. Gooseberries, which were of a fair size, have also been injured in some plantations. The bloom has practically fallen from all tree fruits. Most varieties have shown a very healthy bloom. Outdoor vegetables, such as early potatoes, tomatoes, beans and corn, were injured by the frost.

FORD MOTOR COMPANY HAS BETTER REPORT

Directors Indicate Shares
Will Be on Regular Divi-
dend Basis of \$1.20 Per
Share Per Annum

OUTPUT SHOWS LARGE INCREASE

WINDSOR, Ont., May 19.—Earnings of the Ford Motor Company of Canada Limited were \$5,232,819.16 in 1929, compared with a net loss of \$3,400,651.53 in 1928; and retail deliveries to far this year are virtually on a level with the corresponding period of last year. This was reported to the annual meeting of stockholders today by Mr. Wallace R. Campbell, president of the company.

Of special interest to the shareholders was the announcement by the president that the directors had declared a cash dividend of \$1.20 per share, and an extra cash dividend of thirty cents per share on all of the outstanding shares of the company, payable June 23 next to the shareholders of record June 2, and also that the directors had signified that the shares would hereafter be on a regular dividend basis of \$1.20 per share per annum, payable semi-annually, sixty cents in June and December of each year, the first of such semiannual distributions to be made in December this year.

PRESIDENT OPTIMISTIC
"Conditions in Canada," Mr. Campbell said, "while in some respects below normal, are without question the best of any country in the British Commonwealth of Nations, and in spite of rather unsettled business conditions throughout the world, I see nothing but an optimistic future for Canada."

Mr. Campbell explained that there was no hard indifference in the market, and that the company's production policy has been altered this year in an attempt to solve unemployment problems brought about by the seasonal nature of the motor business in Canada.

LARGE OUTPUT
Total sales and other income in 1929 amounted to \$59,240,000, compared with \$47,083,122.75 in 1928. Last year's output, including sales to affiliated companies, was 87,791 cars and trucks, an increase of 12,500 over the preceding year. Improvements effected in both the passenger and commercial models, "have been accorded a very gratifying reception by the public, as is evidenced by the constantly improving proportion of total business which the company is receiving."

The report disclosed that as of December 31 last, there were on the registry of the company 23,256 class "A" shareholders, and 3,256 class "B" shareholders. Of this number, there were in excess of 17,000 Canadian shareholders.

**CONTRACTS LET
FOR ROAD WORK**
Two undertakings are to follow Tenders Awarded for Improvements on Trunk Highways.

Contracts were awarded yesterday by Hon. N. S. Loughheed, upon his return to the city, for two sections, one on the Yale Road and one on the Box Lake Road, in the Interior, and also for the construction of the Tranquille farm buildings. The tenders for these works were opened a few days ago.

The contract for the section of the Yale Road was awarded to Dawson, Wade & Co., the lowest bidder, for \$24,324.70. That for the Box Lake Road went to J. H. Green Company, of Nelson, who was likewise the lowest bidder for this \$113,765.

The Tranquille farm buildings went to W. M. Orr, the amount being \$11,901.

**Named Research
Products Sales
Specialist in B.C.**
Mr. C. C. Pettit, who since 1925 has been with the Northern Electric Company in its Montreal plant as inspection engineer and in the research products division of the general sales department, has been appointed research products sales specialist for the company in Vancouver.

Mr. Pettit will become part of the well-known organization of the company here under Mr. W. C. Mainwaring, district sales manager, and Mr. J. F. Little, district manager. The district office and warehouse is on Robson Street, Vancouver.

PUPILS HEARD IN CLOSING RECITAL

Victoria School of Expression Wind
Up Season With Noteworthy
Entertainment

The Victoria School of Expression held its last recital of the season on Saturday, when the hall at 720½ Fort Street was crowded. The cups and medals won at the recent festival were on display for those interested. The program was given by the following students: Betty Clegg, Shirley Taylor, Leslie Clarke, Barbara Glowers, Opal Abercrombie, George Little, Sylvia Monckton, Rupert Walker, Elvira Gray, Douglas Pirth, Thelma Melas, Dorothy Davies, Clemency Ord, Noel Johnson, Pauline Woodward, Kathleen Denison, Ian Grant, John Monckton, Evelyn Valliant, Billy McPhail, Meta Ritchie, Clarence Kirchoff, Marion Hale, Sydney Clarke, Kathleen Martin, Wilfrid Ord. The recitations were all given with fine expression. The poet, beauty of voice and voice and charm of manner which characterized each reciter was remarkable.

Two young boys sang with the exquisite beauty of tone and production which characterizes Old Country choristers, and both received an ovation. An amusing sketch was well given by Mrs. Abercrombie, Miss Clement, Mrs. Neils, Mrs. Elder and Mrs. Brown. The singing of young mixed voices was enthusiastically received, the polished and cultured tone being much appreciated.

The grains become 8 times normal size. They have all the buttery crunchiness of fresh toast. They are made to taste like sweet new nut-meats. Never before was rich grain nourishment made so delectably good to eat.

JUNIOR RED CROSS DOES GOOD WORK

Less Fortunate Children Are Helped by Activities for Little Members

The Junior Red Cross, which has been organized in Victoria, is an organization for children of school age who form their own branches with their own presidents and secretaries in their schools or classrooms. The only qualification for membership is a promise to observe certain health rules with regard to eating and drinking, sleeping with windows open, cleanliness, etc.—rules which they carry out more effectively when they enforce them upon themselves than if merely instructed by their teachers.

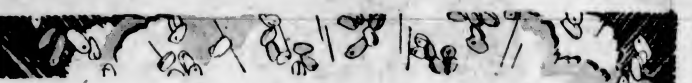

The value of Junior Red Cross is recognized by educationalists and health officers in every province in the Dominion. In the Province of Saskatchewan more than 700 boards of trustees of the rural school districts voluntarily contribute \$10 a year to the administrative headquarters at Regina, thus practically expressing their appreciation of the benefits their schools derive from it.

The Junior Red Cross originated in Canada and has now become one of the greatest international organizations for humanitarian purposes in the world, having at the end of last year 11,904,843 members in forty-six different countries. The children also help to promote international understanding by corresponding with children in other countries, sending them portfolios, descriptive of their schools and surroundings, the industries carried on in their neighborhood, or their own activities, illustrated by pictures and photographs. Equilateral School has exchanged portfolios with Red Cross Juniors in Japan and other countries for a number of years past.

Provincial headquarters has to provide the money for the administrative work, as everything the children themselves raise is pledged for the relief of other children. The teachers of the schools act as advisers to the branches, and on the interest they take mainly depends the formation of new branches or continuance of old ones. During the epidemic of infantile paralysis in the Okanagan two or three years ago one teacher, who had always had an active Junior Red Cross branch in her school, reported that hers was the only school in the district that had not a single case of the disease.

SUFFOCATED BY FIRE

MONTREAL, May 19.—Mr. E. Kishello, address unknown, was burned and suffocated by a fire in the mattress of his bed in a hotel, in a room on the first floor, on Monday night and died from the effects. Nothing was known of him at the hotel except that he registered under the above name and that he was about forty years of age.

so you don't have to cook it

Read how this amazing invention gives Puffed Grains the virtual nourishment of hot cooked cereals.

WHEN Professor Anderson found the way to shoot wheat and rice grains from guns he solved an important problem. He gave these crisp, delicious, ready-to-eat cereals the virtual nourishment of hot cooked cereals.

Every grain of wheat and rice contains 125 million food cells. Every food cell must be broken before the grain can be completely digestible. It takes long hours of cooking to do this. But Professor Anderson found a better way. He seals grains of wheat and rice in bronze guns. These guns 125 million explosions in every grain. It blows open every tiny food cell. Puffed Wheat and Puffed Rice are thus made completely digestible. Hence practically as nourishing as hot cooked cereals.

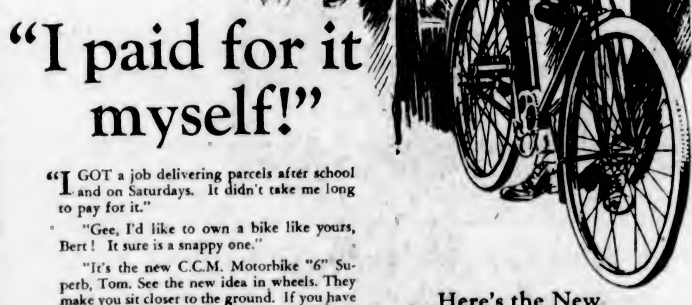

The grains become 8 times normal size. They have all the buttery crunchiness of fresh toast. They are made to taste like sweet new nut-meats. Never before was rich grain nourishment made so delectably good to eat.

You owe it to your family to give them this extra delicious grain food that tastes like nut goodies. Order Puffed Wheat and Puffed Rice from your grocery today. The Quaker Oats Company.

QUAKER PUFFED WHEAT AND PUFFED RICE

DECLARE DIVIDEND
MONTREAL, May 19.—The board of directors of the Montreal Light, Heat & Power Consolidated meeting at noon today, declared a dividend of 38 cents a share, payable July 31 to shareholders of record of June 30. This dividend is on the new shares, and the equivalent of \$3, an increase of 60 cents on the old shares of which a dividend of \$2.40 was paid.

You may feel for others, but you must think for yourself.

"I paid for it myself!"

"I GOT a job delivering parcels after school and on Saturdays. It didn't take me long to pay for it."

"Gee, I'd like to own a bike like yours, Bert! It sure is a snappy one."

"It's the new C.C.M. Motorbike '6' Superb, Tom. See the new idea in wheels. They make you sit closer to the ground. If you have to stop in traffic you just sit in the saddle and rest your feet on the ground. It's easier to start again, too. You have better control. I never felt so comfortable on a bike before."

"That's great, Bert! That's the bike I want. And I'm going to earn one, too."

"You'll get a job easy, Tom. There are heaps of stores, offices, factories that want bicycle messengers. And the C.C.M. dealer will gladly let you pay for your bike on easy weekly or monthly instalments. C.C.M. prices are down, too—the dealer told me they're the lowest in 30 years!"

Your nearest C.C.M. dealer will give you the new 1930 C.C.M. catalogue, or write to Canada Cycle & Motor Co., Limited, Weston (Ontario), Montreal, Winnipeg or Vancouver.

Utility, Chemical and Steel Shares Decline In Price on Exchange

NEW YORK, May 19.—The monetary of last week's narrow price fluctuations was broken on the stock market today by a definite decline that carried leading shares down 3 to 5 points. The market was very dull until early afternoon, when the downward trend was accelerated. The day's sales were 2,413,930. Utility, steel and chemical shares bore the brunt of the liquidation.

U.S. Steel closed 43-4 lower at 168 1/8 and Vanadium yielded 4 points. American & Foreign Power, Electric Power & Light, Pacific Lighting and Public Service of New York declined about 3 points, while losses of 5 to 8 points appeared in Eastman Kodak, Coca Cola, American Tobacco, B. Worthington Pump and A. M. Byers.

J. I. Case tumbled 15 American Can, General Electric, International Harvester and John-Manville lost 3 to 4, while Allied Chemical slumped 9-4 and Columbian Carbon 1-4.

Domestic copper buying, which assumed record-breaking proportions in the first half of May, quieted. The other metals were dull. The foreign exchanges eased. Sterling was steady.

A SAFE EXECUTOR FOR YOUR WILL

NO ESTATE TOO SMALL

NO ESTATE is too small to profit from Trust Company administration, and the charges made are moderate. The smaller the estate the smaller the charge, while the same thought and care is applied to all.

SAVINGS EARN HIGHER INTEREST

Those interested in savings who wish to increase interest return without risk of principal, would be well advised to consider the purchase of high-grade bonds under our deferred payment plan. Even small sums can be made to earn a high return and that compounded builds up rapidly.

We have a booklet on Bonds for small capital which gives the plan in detail. Write or call for a copy.

AIR REDUCTION

PERFORMS WELL

EARNINGS SHOW INCREASE FOR QUARTER AS COMPARED WITH PREVIOUS YEAR

Marked Possibilities in Future Indicated—Union Pacific Offers Good Opportunity

(By Bond Corporation, Ltd.)

NEW YORK, May 19.—(By Capline—Air Reduction)—Performances of this stock since the November break have been of a very satisfactory nature, its recent action reflecting the company's ability to show an increase in earnings during the first quarter of 1930, as compared with the corresponding period of last year. The outlook for this enterprise and the technical position of the stock are such that further appreciation in value can be expected.

Air Reduction is one of the largest units in its field, being engaged in the manufacture of oxygen, acetylene and other gases, and acetylene cutting and welding equipment. It controls numerous subsidiaries located in various parts of the United States, and is interested in a number of foreign enterprises in Canada, Mexico and France. The earnings of the company have shown consistent expansion for the past four years, and would show up considerably larger than actually reported were it not for the bookkeeping methods used. During the past five years, for instance, the company wrote off towards amortization of patents and depreciation of assets a sum of approximately \$1,500,000 annually out of an average yearly income of \$3,500,000. This, obviously, is entirely too much and represents nothing else than hidden assets.

Were a more equitable method of accounting practised, it would bring out what is now only disclosed by a closer scrutiny of the balance sheet, namely that there are much larger earnings, much bigger assets and decidedly brighter prospects than appear on the surface. All indications point to the fact that Air Reduction has marked possibilities ahead of it, and, with sound underlying conditions, we regard its reduction as an attractive medium for long term investment. Purchases are suggested.

UNION PACIFIC

Although the rail group has been in a state of dormancy for quite a while, and nothing spectacular can immediately be looked for, we regard the present period of consolidation for the accumulation of all better equities of this department. Reports of loadings which will, during the next few days, make their appearance, will prove discouraging on the surface, and this should be responsible for sagging tendencies in individuals with Springs. It is likely that Union Pacific will become available at lower levels, and this opportunity should be eagerly utilized for establishing a long line on the stock.

As an investment, Union Pacific possesses exceptional merits. The company's income is made up to a large extent from dividends received from holdings in other roads, and, although a decline in its own operations is not as much of a handicap as in the case of rails, which depend solely on their own revenues for dividend purposes.

Union Pacific's investments are largely in roads of high standing such as New York Central, Chicago Northwestern, Baltimore and Ohio, etc. Union Pacific could readily pay a higher dividend rate, and now that the major rail problems are being satisfactorily adjusted, such action should not long be deferred. We recommend buying Union Pacific under current levels and on all occasions.

TRAMWAY BUILT AT PORTER-IDAHO

Power Line Also Has Been Completed and Compressor Installed—Push Development

(Meharry, Rose & Co., Ltd.)

Development work was carried on consistently throughout the year on the property of Porter-Idaho, a subsidiary of the company, Limited, states D. L. Pitt, vice-president and managing director. The work proceeded partly in Porter-Idaho's own tunnels and partly from Prosperity workings.

The aerial tramway which was started last year has been completed, a 1,200-cubic-foot compressor installed, and a power line leading from the power plant at Tidewater on the Portland Canal to the mine constructed.

The report states that the year was not satisfactory so far as developing new ore was concerned, but with the construction of the tramway completed and the mine well equipped, renewed efforts can be directed at this phase of the operation and some good grade ore bodies may be found as a result of this work, it was indicated.

In the aggregate, 1,318 feet of drifting, cross-cutting and raising was done during the year. Work was carried on from the lower "D" tunnel until it was obvious from the results that this work was being done at too great depth to expect commercial ore bodies. This development was, therefore, stopped and work started in "D" tunnel which will prospect the vein upon which it was started, which showed some ore near the portal, and eventually prospect the showings in "A" tunnel at depth. Work has also continued from Prosperity workings.

PARACHUTE MOTOR TO HELP FLYERS

ROOSEVELT FIELD, N.Y., May 19.—Mr. Henry Bushmeyer, professional parachute jumper, today said he had invented a machine to enable parachute jumpers to travel about twenty miles in any direction after "chutes" opened.

Bushmeyer said the device consisted of a two-cylinder seven-horsepower motor, two batteries, a four-foot propeller and a steel and aluminum parachute jumper to which the jumper's chest and back.

Millionaire "I never make a secret of the way in which I have made my fortune."

Rival—"You're a very brave man."

Number of Japanese Immigrants Farmers

OTTAWA, May 19.—Japanese immigrants to the number 284 have been admitted to Canada since September 1, 1928, up to the end of the last fiscal year, according to a return tabled in the House of Commons. Of these 130 were males and the balance females. Fifty-eight were agricultural workers and fifty-six were domestic. The remainder were children. Only 150 Japanese are permitted to enter Canada annually.

CANDIDATE NAMED

MONTREAL, May 19.—Mr. John A. Sullivan was the choice of the Conservative convention held in St. Ann's Division of Montreal to select candidate for the coming Dominion elections. The choice was made after Mr. John Lynch and a party of about thirty-five left the convention, complaining it was not in order in that many were unable to enter the hall although qualified as delegates.

First Bride Makes Trip on Elizabeth

VANCOUVER, May 19.—Because B. C. Coast Service officials have good memories, Mayor W. H. Mackin and Mr. K. J. Burns, Vancouver port superintendent, will be presented with a bill for \$10 worth of flowers for the bride.

The port superintendent and the Mayor made a joint promenade Thursday morning during a civic luncheon aboard the new Princess Elizabeth, which will speedily deliver the first bride traveling on the new vessel.

Today Mrs. L. Goode, 1874 Venables Street, received her flowers from Mrs. R. W. McMurray, on behalf of the donors. She left on Saturday night from Vancouver to Victoria.

PLUMBING LAW IS DEBATED IN CITY COUNCIL

Continued from Page 1

In effect, he feared, would be to increase costs to the public. Alderman Smith and Inspector Barfield, however, that it would reduce costs. It did not, Inspector Barfield said, apply to such work as Alderman Dewar had mentioned.

Alderman Smith said that Vancouver had adopted this by-law last August, and it had worked satisfactorily. It had effected a saving to the public. Its adoption in Victoria would be followed by similar action in adjoining municipalities, for that reason.

LICENCES

Alderman Peden was strongly opposed to what he held was the meaning and effect of several of the provisions in the by-law. It was carried by a board of examiners from whom everyone practicing the plumbing trade must obtain a certificate of competence. But it did not say how this board was to be appointed, what examination must be passed by applicants. There was no security that the board was a competent one. It might refuse certificates to persons not competent to practise the trade than were the members of the board. Suppose an apprentice and a journeyman plumber, then he would be prevented from working further at the business. How, then, was he to become further qualified so as to pass the examination later on. How was anyone to learn the trade? The by-law, said Mr. Peden, provided that no one could do the work of a plumber unless he already had a certificate. This made it impossible for others to get the experience they needed in order to become qualified.

Alderman Peden further objected that under the by-law a plumber might have his licence cancelled if the inspector reported that he was guilty in some of his work of an offence against the by-law, and a magistrate convicted him on the charge. The plumber might have contracts on hand, and he would be prevented from going on with them because he had no licence. Such a man might appeal to a higher court, but it would be a long time before he could get his licence back.

Alderman Smith—All this as to cancellation of licence is already in the old by-law, and has been for years. As to the board of examiners, they will be appointed the same way as in Vancouver. To allow sewer construction by anyone whatever is a danger to public health. Examinations as to the competency of those are desired by the Provincial Health Department.

Alderman Smith thought that the by-law should contain provision for apprentices.

MEANING OF BY-LAW

Alderman Cullin said that it was not necessary that it should mention apprentices, because it dealt only with journeymen plumbers and master plumbers. It did not prevent anyone who had not a certificate from doing any work of a plumber. Alderman Peden had misunderstood Clause 70. That clause prohibited anyone who had not a certificate from practicing the trade. It did not restrict him from working as an apprentice or other learner.

After further discussion it was moved and carried that the by-law be laid on the table for a week in order that Alderman Peden and anyone else desiring to do so might confer with the city solicitor and the city building inspector as to the desirability of amending the wording of any of the clauses.

Thirteen Are Killed When Tower Crashes

ISTANBUL, Turkey, May 19.—Superstitious Turks have long believed the ancient and crumbling tower of Babel, which stood near Smyrna, was haunted by evil spirits. The tower crashed down yesterday upon Turkish peasant women who were resting in the shade after working in the cotton fields, killing thirteen and injuring eight.

ADVERTISING MEN DELIGHTED WITH BEAUTIFUL CITY

"Victoria is one of the prettiest cities I have ever visited, and I hope to return as soon as possible for an extended holiday," stated Mr. Leo J. Mahoney, a member of the James Houlahan Advertising, Incorporated, of Oakland, California, upon his arrival here for a short stay on Sunday. Mr. Mahoney was accompanied by Mr. Arthur Poulton, of Seattle. This is his first visit to Victoria, and although I was greeted with a slight rain, I was overjoyed with the scenery and beautiful drives along the waterfront. When I return to my home town I will tell my fellow men not to peak up a visit to Victoria while in the Northwest," Mr. Mahoney said.

While in the city Mr. Mahoney and Mr. Poulton were the guests of Mr. and Mrs. Alex. Grant, of Blanshard Street.

First Bride Makes Trip on Elizabeth

VANCOUVER, May 19.—Because B. C. Coast Service officials have good memories, Mayor W. H. Mackin and Mr. K. J. Burns, Vancouver port superintendent, will be presented with a bill for \$10 worth of flowers for the bride.

The port superintendent and the Mayor made a joint promenade Thursday morning during a civic luncheon aboard the new Princess Elizabeth, which will speedily deliver the first bride traveling on the new vessel.

JUST LIKE A WOMAN

EMBARRASSING MOMENTS

NO ERRORS!
An amusing story is told by Mr. Horace Annesley Vachell, the well-known author, concerning a hundred pounds prize offered by the proprietors of a certain weekly periodical to the reader who could discover the most mistakes in spelling and so forth in one of his novels, the proofs of which he had been unable to revise.
A man wrote an indignant letter to him, saying that there were no mistakes at all in the book, and that he was surprised that Vachell should lend himself to a cheap dodge for advertising a novel.
He even went so far as to insist that Vachell had obtained money from him—he had bought a copy—under false pretences!
Vachell, in reply, sent him an announcement of the result of the competition. The man who won the prize discovered four hundred errors!

Budget Changes

SILK CREPE IS MAIN
ARTICLE CONCERNED

By PERCY WHITTING
Canadian Press Staff Correspondent
TOKIO.—(By Mail).—The news received from Ottawa to the effect that the new Canadian budget provides for removing the 10 per cent antidumping duty, which has been imposed on Japanese silk fabrics, has caused much gratification in this country.

This feeling is naturally most evident among silk producing and exporting circles. The manufacture of silk from the raising of the cocoon—indeed from the growing of the mulberry leaves—to the spinning of raw yarn and the weaving of the finished fabric, is by far the premier industry of Japan, and of course anything that affects it is bound to attract great attention.

Burglar Steals
Airplane From
Montreal Shop

MONTREAL, May 19.—The Montreal police department was today seeking the solution of its first airplane theft mystery. Mr. John Young, who runs an airplane repair shop almost in the heart of the city, reported that a full-sized machine, nearly ready to take the air, had been taken from his premises some time Saturday night or Sunday morning. His theory was that the machine had been rolled off into the open and towed away by a motor truck.

The effect of the Canadian action by which the duty on Japanese silk textiles will be very materially reduced is particularly appreciated, however, it came at a time when much disappointment was caused by the recent action of Australia in increasing the duty on Japanese silk to an almost prohibitive degree, and of similar measures in Japan having disastrous effect on Japan's second great manufacturing industry, cotton.

It is expected here that the goods that will benefit mostly from the reduction from 42.5 per cent to 32.5 per cent in the Dominion customs tariff will be silk crepe, of which a considerable quantity of many varieties is made in Japan, and there is consequent jubilation, not only in the exporting ports of Yokohama and Kobe, but also in the interior manufacturing districts. This is caused, not so much by the expectation that there will be any tremendous actual quantity increase in the export to Canada, as by the friendly sentiment that has been discerned—feelings to which the Japanese are very susceptible and reciprocal—in the Canadian action.

ISLAND TO GET
PATROL BASES

Western Canada Airways
Planes Will Fly Out of
Port Alberni for Do-
minion Fisheries

AGREEMENT SIGNED
IS FOR TWO YEARS

(Canadian Press)

OTTAWA, Ont., May 19.—The Dominion fisheries branch has entered into a contract with the Western Canada Airways for a continuation of the fisheries airplane patrol service on the Pacific Coast for a further period covering the years 1930 and 1931.

The new contract, as made known here today, provides that two seaplanes must be available for duty from July 1 to July 20 each year and three planes from July 21 to October 31. Patrol bases must be established at Prince Rupert, Skidegate Inlet, Port Clements, Swanson Bay, Alert Bay, Quathli Cove and Port Alberni, on Vancouver Island.

Aerial patrol service for fisheries purposes has been maintained by the fisheries branch of the British Columbia since 1927, with satisfactory results.

SHIP CARPENTER
FROM ATHABASCA
DROWNS IN RIVER

EDMONTON, Alta., May 19.—Mr. William Corbett, of Vancouver, carpenter on the Hudson's Bay Company steamer Athabasca, was drowned late last week when he slipped from one of the barges being pushed ahead of the steamer on her first trip of the season down the river from McMurray, according to a brief wire received today at the Edmonton offices of the Hudson's Bay Company.

Col. Bertram Taylor's fish packers Michael J. Taylor and the Mary Taylor are at the Point Hope Marine Railway for general repairs.

FLYING OFFICER
UNHURT IN CRASH

PETERBORO, Ont., May 19.—Flying Officer R. S. Minnes, of Ottawa, miraculously escaped without so much as a scratch, when his plane crashed on the local flying field late yesterday afternoon.

The officer, who was flying from Toronto, en route to Camp Borden, in a Sikorsky army biplane, was for some unknown reason obliged to make a forced landing. In doing so he landed on a boggy stretch of ground. His machine up ended on its nose, turned completely over, smashing the propeller and damaging the tail.

Marine Notes

Bound for Vancouver, the Holland-America liner Dintelyk passed up at 1:30 o'clock yesterday afternoon. Ss. Yaniko Maru left William Head for Fraser River ports at 4 o'clock, according to the pilot office.

Ms. Motor Princess, which last week had a new tail shaft installed at Yarrow, is being made ready for the Summer ferry season. The C.N.R. car ferry Canora will be drydocked about Wednesday for her annual overhaul.

The seine vessel Laurel Point No. 3 is at the G. B. Murre plant for cleaning, painting and rudder work. The pleasure launch Ulla is having her cabin altered and engine work on the seine ships Minnie Berna and B. and Y. has been completed.

C.G.S. Estevan left port yesterday morning to tow the Sandhead lightship for annual overhaul. Her place will be marked by a large buoy. C.G.Ms. Berens is tied up at the Marine Department and will soon be given her annual overhaul.

Alterations to deckhouses and workrooms aboard C.G.S. Lillock are nearing completion at the Victoria Machinery Depot. C.G.S. Glenchy is at the plant for overhaul. Ss. Princess Patricia is still tied up there.

The Island Packing Company's Port Esquimalt and Isapa No. 2 are at the Point Hope Marine Railway for repairs. The Canadian Packing Corporation's Ribac, Amiac and Lebac, the Faith of Sechart and Hope of Sechart are also at the plant.

AFRICA MARU IN
FROM FAR ORIENT

Osaka Shosen Kaisha Liner Brings
Fourteen Passengers to
Rithet's

Inbound from the Orient, the Osaka Shosen Kaisha liner Africa Maru docked at Rithet's piers in command of Capt. A. Kobayashi at 8:30 o'clock yesterday morning, and left for Seattle at 10:15 after disembarking two first class passengers, twelve third class and discharging 117 tons of crockery, raw silk, toys, antimony ware, cotton goods, brass ware, three bags of air mail and 128 bags of ordinary mail.

Having left Yokohama on May 6, the liner enjoyed a fair Pacific crossing, fog slowing her down to ten knots when nearing Cape Flattery. For Seattle the ship had nine first class passengers, seventy-two third class, 1,423 bales of raw silk and sixty-five barrels of goldfish.

Rochelle Is Due

From San Francisco, Ss. Rochelle is expected at Ogden Point docks some time this evening to discharge 270 tons of cargo, according to King Brothers.

Ms. Pacific President left Los Angeles at 5 o'clock Saturday afternoon and is expected at Rithet's with English cargo some time on Wednesday. She will also call at Esquimalt with naval stores.

WOMAN MAYOR DIES IN OFFICE

Mrs. Broad, Mayor of Watford, England, Was Elder Sister of Mr. Arthur Cole.

The death of Mrs. Anella Florence Broad, Mayor of Watford, England, bereaves a number of relatives, among them Mr. Arthur Cole, of this city, who is a younger brother. Mrs. Broad was a daughter of the late Mr. W. T. Coles, who passed away in June, 1929, at the age of ninety-two, and was a prominent figure in the life of Watford, holding the offices of magistrate, county alderman, chairman of the urban district council and chairman of the board of guardians. The late Mayor of Watford (Mrs. Broad), was born at Bushey Lodge Farm, Watford, and lived all her life in Watford. She married the late Mr. Thomas Broad, a solicitor, and for many years coroner for the Watford division.

Mrs. Broad's entry in public life was in 1922, when Watford received its charter, and she, with the late Mrs. Cox, were elected the first women members of the newly formed borough council.

She acted as chairman of the National Council of Women in Watford, Lady Clarendon being president. She was vice-chairman of the infant welfare committee and for a time was vice-chairman of the public health committee. Her chief interest in municipal affairs was in housing, maternity and infant welfare work.

Mrs. Broad represented the council at the joint hospital board, the tuberculosis cases committee, the school managers and the old age pensions committee. For several years she served on the library committee, and, further afield, her interests extended to the women's section of the British Legion, the ladies' committee of the Horticultural Society and the juvenile advisory committee. Of each of them she was chairman.

Amid many manifestations of regret, the funeral took place. The cortege left her home, "Earlsdale," and passed along Rickmansworth Road to the municipal offices. Here the massed ranks of the corporation followed immediately by the corporation's beautiful wreath, which was borne by two of the bearers. The deputy mayor and the corporation followed immediately behind the ears of the family mourners. Behind the hearse was a car laden with wreaths, and on the roofs of two of the other coaches were a mass of floral tributes. Other cars brought up the rear of the procession, which passed down High Street to King Street and Church Street. The vicar of Watford, Rev. Henry Edwards, and the lecturer, Rev. J. W. Huxley-Williams, accompanied by the church wardens, Mr. W. Fielder Flint and Mr. C. W. Fowler, carrying their wives, and the choir, met the procession beneath the tower, and the cortege entered the church by the south porch. The coffin was draped with the Union Jack and on it also rested the mayoral hat.

In the church a very large congregation was seated fifteen minutes before the service commenced. Behind the members of the corporation were to be noticed the Earl of Clarendon, Watford's charter mayor, with the Countess, who is president of the local branch of the National Council of Women. The congregation also included representatives of many local bodies and associations. The council tribute was an exact reproduction in flowers of the borough arms.

Among the family bereaved is Captain Hubert Broad, the distinguished aviator, a son of Mrs. Broad.

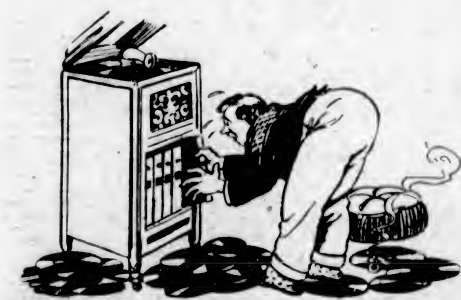

Letters to the Editor

No letter to the Editor will be inserted except upon the proper signature and address of the writer. This rule admits of no exception.

SITUATION IN INDIA

Sir,—In confirmation of my remarks, kindly published in your issue of May 9, I read the following in your issue of May 7:

Clean-Up Week May 17-24

CLEAN UP!

Save 10 cents on every new Victor Record by turning in your used

Victor Records

Here's your chance to clean up—and make it pay you! We'll allow you 10 cents for each used Victor Record on every new Victor V.E. Orthophonic Record you buy. The price of the new ones is 65 cents—your old ones are worth 10 cents each—so you get your latest favorite for 55 cents.

C. Heaton, Manager

The police proclaimed a state of martial law under Section 144. Enforcement of this statute throughout India would necessitate mobilization of every troop, both European and native.

Section 144 of the Criminal Procedure Code is referred to. Many hundreds of Indian magistrates have used it during the last fifty years. The police have no concern with it, except under the orders of the magistrate. Any person not satisfied with the magistrate's order may appear before the magistrate and show cause why the order should be canceled or modified. If the magistrate's action is not fully warranted by the facts of the case, opportunity will be given to get it rescinded by higher judicial authority.

Such orders are commonly passed to prevent clashes between contending factions. The expressions "martial law" and "every troop in India," are gross exaggerations. In spite of your leading article of May 10, I can say with confidence that the Associated Press is ignorant as regards judicial procedure in India. As regards my own acquaintance with the matter, it is not out of date, as I have received letters from that country since I left it six years ago.

I can also say that the expression "martial law" is highly inaccurate. If you stated that the Government has a monopoly of all timber felled in this province, you would not not be called accurate. Still less is there a Government monopoly of salt in India. The expression "monopoly" is calculated to excite prejudice, and I challenge anyone to prove that it is correct.

Indian mobs are flaring up here and there. There is unemployment and consequent discontent. So also in other lands. The heavy burden lies on the higher magistrates in India, and the police who have to face mobs and keep their temper. They are wonderful men. I do not suggest that you suppress the news supplied by the agencies. You are right to publish it. But please also allow comment by those who are able to point out obvious and glaring inaccuracies.

Flooding of Highway Will Be Prevented

CLOVERDALE, B.C., May 17.—Flooding of portions of the Pacific Highway in the vicinity of the Nicomekl River, will be prevented by construction of a huge drainage ditch, about two and one-half miles long.

Cutting of this canal has been decided on by the Burrer Municipal Council, following adoption of plans and specifications prepared by Burnett & McGugan, engineers, of New Westminster.

This ditch will prevent flooding of portions of the Pacific Highway from the Nicomekl River to the foot of the hill south of the river, through Sections 32, 29 and 20, Township 7. The canal will be twelve feet wide and six feet deep on the average.

PROPOSE TO CHANGE RULE OF NOMINATION

A special meeting of the Victoria Liberal Association, to which all Liberals are invited to attend, will be held on Wednesday, to consider a notice of motion to amend Article 12 of the constitution as follows: To nominate candidates by delegates elected by the wards, instead of by an open convention, which has been the practice in past years.

Ward Four Liberals

Ward Four Victoria Liberals will meet this evening at 8 p.m., at Liberal headquarters. All Liberals in the ward are requested to attend.
